1. I enter into a temporary jungleboori settlement at progressive rates for the above-mentioned lands for a term of years, from

* In the case of joint leases under Rule 22, insert here the words "and hereby jointly and severally bind ourselves" and alter the wording throughout as necessary.

12 B to B, and agree* to pay the revenue mentioned above during the aforesaid period, and hereby enter into this engagement with the following conditions; and I declare the said engagement binding not only on myself, but also on my heirs, representatives, and assignees precisely as if it had been executed by them.

2. I will pay annually the aforesaid revenue to such person and at such place as the Collector may direct in accordance with the instalments therein set forth,—that is to say, from the first to the end of the fifth year Rs. , from the sixth to the end of the tenth year Rs. . At the end of the tenth year, or as soon after as the Collector may think proper, a measurement may be made, and the area then found under cultivation shall thenceforth be assessed at the said rate of an acre, the waste remaining at annas an acre. All sunn and gorjon kholas then found will also be thenceforth assessed at fair rates. One similar measurement and adjustment of assessment may be made at any time after the expiration of the fifteenth year; and I will regularly pay the amount of assessment as so re-adjusted.

3. The title conveyed by this lease is heritable and transferable, provided however that I am not empowered to divide this lot or to transfer it except as a whole, or to create therein any undertenure beyond the term of lease, or on terms inconsistent with the terms thereof. No transfer shall be valid as against Government, but on the contrary be equivalent to a surrender of this lease, unless notice of the transfer be given by the transferee to the Collector within two months of the transfer.

4. If I create any undertenure, I will impose on the undertenant a condition that he shall not create any lower undertenure, but shall let the land to cultivating ryots only. Any undertenure which may be created by any person to whom I may sublet, shall be invalid and liable to be set aside.

5. I shall not raise any objection to the full and punctual payment of the said revenue on the score of inundation, drought, depredation by wild beasts, diluvion, desertion, death, or other accident affecting the value of the said land or the outturn thereof; and I shall have no claim to abatement of revenue on any such account.

6. On the occurrence of any arrear in the payment of revenue, the Collector may sell the lot by auction under the provisions of Act XI of 1859, or recover the amount due by issue of certificates under any law for the time being in force relating to the recovery of arrears of revenue or of other public demands.

7. I shall not interfere with any right of the villagers relating to grazing cattle and taking fuel. I shall not fell any of the following timbers growing on the lands of my settlement without the special permission of the Collector, nor shall I allow any other person to do so; and I have no power to sell them. Such trees are exclusively Government property:—

1. Jarool.	4. Shagoon.	7. Chowangiri.
2. Telsur.	5. Gurjun.	8. Chagaroshi.
3. Toon.	6. Chapalish.	9. Gamar.

8. I have no right to rivers, fisheries, and mines, which are all Government property. The Government also reserves to itself the right to all minerals on the lands, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

9. Beyond the fixed Government revenue and the things mentioned above, the Government shall have no claim to any profit which may accrue from the land included in this engagement during the currency of this engagement.

10. Any land covered by the lease which may at any time be required for a public purpose may be taken up by Government free of cost, a deduction being made in the amount of assessment payable under the lease proportional to the area so taken up, and compensation being made for the value of any improvement or property therein under the provisions of the law in force for the time being for the acquisition of land for public purposes.

11. I shall be at liberty to bring under cultivation waste lands covered by this engagement and to fix rent thereon.

12. [†] I will from time to time erect and repair the embankments, drainage channels, and outlets, in order to prevent the encroachment of any sea or river on the said lands, or the great accumulation of the water thereon. In case of my failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due on this lot.

[†] In the case of leases granted under rule 22. "I (or we) will, within years from the date of this lease, erect and thenceforward from time to time repair and renew such sufficient embankments, drainage channels, and outlets, as shall serve effectually to protect the said lands from any encroachment of any sea or river, or any great accumulation of water thereon. In case of my (or our) failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due on this lot.

claimed offender, or notable bad character to find refuge within the precincts of the said lands. I will promptly furnish all information which I am or may be required by law to give. I will aid the police in the apprehension of offenders.

13. For violation of any of the conditions of this engagement, the Government will be at liberty to annul this engagement, and thereupon I shall lose all right in the lot.

14. Unless I am evicted from the lot during the currency of the present settlement in accordance with the conditions of this agreement, I or my heirs or assigns shall be entitled, at the end of this term of settlement, to resettlement on such terms and for such period not being less than twenty years as may then be fixed by Government, but in case of my refusal to engage for the payment of the amount of revenue which Government may hereafter deem expedient to fix for the land included in this engagement, I shall be liable to ejectment from the land, and I having no proprietary right, shall not have any claim to malikanah:

HIGH COURT NOTICES.

Circular Order issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 18, dated the 26th April 1880.

At the desire of the Government of Bengal, the attention of all District Judges is invited to the necessity for their insisting on a compliance by the Courts subordinate to them with the rules^{*} on the subject of the transmission of the records of decided cases from their Courts to the Judges' record-rooms.

^{*} Circular Order No. 16, dated 30th July 1873.
Circular order No. 76, dated 17th January 1846.

2. The neglect of these rules results in an increase of charge to Government for the conveyance of records, and, in the case of appeal, necessitates the sending for records singly, at great expense in postage.

3. Where single files are called for, either by the lower Courts from the Judge's record-room, or by the Judge from the lower Courts, the party at whose instance the call is made should be required to pay the postal charges, as prescribed in circular order No. 10, dated 28th March 1872, which has never been repealed, though it has been omitted from the collected circulars.

No. 19, dated the 28th April 1880.

By Resolution (Financial) No. 1763, dated 24th July 1873, the Government of India directed that the record-keeper of every Court should, when a case was decided, and the record made over to his custody, punch a second hole in each court fee label, distinct from the first, and note his doing so at the same time. Owing to the insufficiency of the establishment attached to the record-rooms in some districts, for the work thus imposed upon it, strict effect has not been given to this order. The Government having, however, now sanctioned a sufficient staff of officers for employment in all district record-rooms, the Court direct that District Judges do require this order to be strictly carried out in future.

2. The Circular order issued by the Board of Revenue, Lower Provinces, in October 1878, a copy of which is annexed below, is circulated for the information and guidance of all judicial officers. Attention is called to the necessity for seeing that all stamps are punched and registered before they are received or acted on. As petitions have to be taken in open Court, some person should be in attendance there to punch and register the stamps in presence of the Judge immediately before the petitions are handed to him. At the time of punching the stamps, this officer should write his name and the date across them.

Circular Order issued by the Board of Revenue, Lower Provinces, No. 5 of October 1878.

It having been brought to the notice of the Board that the provisions of Section 30 of the Court Fees Act VII of 1870, regarding the cancellation of stamps, and the rules prescribed by Government on the same subject, are not in all cases strictly observed, the Board believe that it will be useful to recapitulate and publish collectively the several rules and orders which have from time to time been issued for the guidance of all officers concerned.

2. Every Court and officer before whom a document requiring a stamp under the Court Fees Act is produced, is bound to see that the figure-head of the stamp is punched out and destroyed before taking action on the document (Government of India's Order, Financial Department, No. 831, dated 31st January 1874; Board's Circular Order No. 4 of February 1874).

3. After a case is decided, the record-keeper of every Court is required to punch a second hole on each stamp, distinct from the first, and to note the date of his *doing so* at the same time. The second punching should not remove so much of the stamp as to render it impossible or difficult to ascertain its value or nature. If the hole which was first punched is round, the second hole should be either square or triangular (Government of India's order, Financial Department, No. 1763, dated 24th July 1873; Board's Circular Order No. 3, August 1873, and No. 3 of October 1873).

4. In the case of copies, certificates, or other similar documents liable to be stamped under the Court Fees Act, the Court or office issuing them is required, before issue, to cancel the labels affixed to them by punching out a portion of the label in such a manner as to remove neither the figure-head nor that part of the label upon which its value is expressed; and as an additional precaution, the signature of the officer attesting the document, with the date, should be written across the label and upon the paper on either side of it (Government of India's Order No. 3373, dated 24th September 1875; Board's Circular Order No. 4 November 1875).

5. An impression apparently exists that the hole which is punched by the issuing Court or office on the stamp-label affixed to copies, certificates, &c., under the order cited on the preceding paragraph, does away with the necessity of cancellation by punching out the figure-head, under Section 30 of the Act, by the Court or office in which the copy or certificate, &c., may be produced or filed; but this view is incorrect, and it will be readily understood that the orders in question cannot override the express provision of the Act.

6. It will therefore be observed that, under the orders now in force, all court fee stamps must be punched at least twice if they go into the record room,—*first*, there is the punch required by Section 30 of the Act; and, *secondly*, the square or triangular punch of the record-keeper. But if a stamped copy of a document is filed with the record in a judicial proceeding, it must be punched three times,—*first*, by the issuing Court or office; *secondly*, by the receiving Court or office; and *finally*, by the record-keeper.

7. The heads of courts or offices in which stamps are used or filed are required to cause an inspection to be made, at least once a quarter, of all papers and documents in the records of the Court or office that require adhesive labels, in order to ascertain that the stamps have been properly punched and defaced, and have not been subsequently removed from the documents in which they were used (Board's Circular Order No. 3 of October 1873, and 7th of November 1875).

NOTIFICATION.

The 25th May 1880.—The following declaration is published for general information, in supersession of that published at page 42 of the *Calcutta Gazette* of the 14th January 1880:—

DECLARATION.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expence for a public purpose, viz. for the construction of a road and wharf and for other improvements along the west or right bank of the River Hooghly, it is hereby declared that for the above purpose all the land situate between the high and low-water mark, and also a strip west of high-water mark 15.09 feet above the Kidderpore Dock sill, measuring, more or less, 7,000 feet in length and at an average width of 420 feet is required. The land is bounded as follows:—

On the north by the premises of the East Indian Railway Company, situate in the town of Howrah; on the south by the Seebpore Ghut Road; on the east by low-water mark, that is to say, a line 2.50 feet above Kidderpore Dock sill; and on the west by the premises of Messrs. Stewart and Company, Messrs. King, Lockhead and Company, Messrs. Burn and Company, the properties of the 10 annas zemindars of pergannah Boroe and the late Baboo Mutty Lall Seal, the premises of the Howrah and Ganges Jute Mills and of Messrs. Apear and Company, and others.

This declaration is made, under the provisions of Part II, Section 6, Act X of 1870, to all whom it may concern.

A plan of the land may be inspected in the office of the Deputy Collector for Railways at the Board of Revenue.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 21st May 1880.—It is hereby notified for general information that, under the power vested in him by Section 234 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased, on the recommendation of the Commissioners of the Municipality of Bogra at a meeting, to order that the provisions of Sections 278 to 284 of the Act, both inclusive, shall be in force in the said Municipality.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

Secy. to the Govt. of Bengal.

THE following Resolution recorded by the Lieutenant-Governor of Bengal in the Financial Department is published for general information:—

FINANCE.

Calcutta, the 25th May 1880.

RESOLUTION.

READ—

The Civil Budget Estimates of the Government of Bengal for the year 1880-81, and the orders of the Government of India thereupon (No. 1417, dated 25th March 1880).

The incorporation in the Imperial estimates of the detailed figures of Provincial Services and of certain Local Funds has now been completely and finally effected. It is more convenient therefore to review in this Annual Resolution the estimates of the local Government as a whole, in the form in which they are presented by the Accountant-General, and discussed by the Government of India, distinguishing, however, those items which affect the Provincial balance, and determining as closely as may be the actual state of that balance at the present time. The nature of the changes made in the accounts, and in the classification of minor items under the orders of the Government of India, it is not necessary to explain at length; but the present opportunity will be taken to note once for all the general character of the receipts and charges which are now grouped under each of the major heads of the estimate. It is to be noted that the Government of India in the Financial Department does not consider itself bound to adopt the estimates of the local Government, even under those services which are entirely Provincial; nor, on the other hand, is the local Government bound to accept any modified figures adopted by the Government of India. But as the Financial Department had, when drawing up its revised estimates for 1879-80, the actual figures of ten months before it, the Lieutenant-Governor has in several instances preferred to accept the estimates of the Government of India for that year. In some few instances also the estimates for 1880-81 seem to call for re-consideration.

2. The statement annexed shows the actual receipts and disbursements,—Imperial, Provincial, and Local,—for 1878-79: the regular estimates as framed by the Government of India in the Financial Department, and the same estimates as accepted by the local Government; and the estimates for 1880-81 as first estimated by this Government, as revised by the Financial Department, and as now finally accepted by the Lieutenant-Governor. It will be understood that in the local columns are shown only the transactions of Incorporated Local Funds. There are many local funds which are excluded from the accounts of the Empire altogether, and do not affect these estimates.

REVENUES.

3.—I. *Land Revenue.*—None of these receipts are Provincial. They are either Imperial or Local. The former class consists of the Ordinary Land Revenue; the proceeds of the sale of Government estates; rents of resumed police service lands and service commutations; sale proceeds of waste lands and redemption of land tax; and miscellaneous land revenue receipts. The percentage on the revenue from Government estates which is allowed by the Government of India to be treated as an Estates Improvement Fund is, with other miscellaneous assets of that Fund, shown separately as 'Local' in the accounts and statements. The question of abolishing this fund is now under consideration; and, if that is done, the whole of the receipts under Land Revenue will become Imperial. The figures of the Financial Department do not differ from those of the local Government under this head. The estimates show improved collections from Government estates, and reduced receipts from the sale of Government estates and of waste lands.

4.—III. *Forests.*—The forest revenues are entirely *Imperial*. The Financial Department's figures are therefore accepted under this head in the regular

estimate. The local and financial estimates for 1880-81 agree, and show probable receipts amounting to Rs. 5,70,000 against an actual income of Rs. 4,16,000 in 1878-79. This is an improving branch of revenue, and might probably with advantage be made over to the financial management of the local Government.

5.—IV. *Excise on spirits and drugs.*—This branch of revenue is entirely under Provincial management. The actual receipts were in 1878-79 Rs. 70,28,000, of which Rs. 65,00,000 were due to the Imperial Treasury under the existing Provincial contract, the balance representing the profit of the local Government. For 1879-80 the original estimate was Rs. 73,00,000. But the year has not been so prosperous as was anticipated, the continued high prices of food having interfered with the expenditure of the lower classes upon luxuries. The Government of India now estimates the receipts of the year at Rs 70,30,000, or nearly the same figure as in 1878-79. The actual receipts up to the close of February were Rs. 64,62,000, against Rs. 64,19,000 at the close of February 1879; so that the Financial Department's estimate may probably be accepted with safety. The payment to the Imperial Treasury grows by one lakh of rupees annually, and for 1879-80 amounts to Rs. 66,00,000, leaving (say) Rs. 4,30,000 as the profit of the local Government. For 1880-81 the local Government estimated the receipts at Rs. 69,00,000. This has been raised by the Government of India to Rs. 70,30,000. On the whole the Lieutenant-Governor is now disposed to think that the first estimate was too low. He is willing to accept the amended figures. The payment to the Imperial Treasury in 1880-81 will be Rs. 67,00,000.

6.—V. *Assessed Taxes.*—In 1878-79 the actual receipts from the License Tax were Rs. 20,19,000, of which Rs. 2,98,000 were classed as *Provincial*, and the rest as *Imperial*. The actual cost of collection was Rs. 2,79,000; the difference between this sum and that shown as Provincial receipts, viz. Rs. 19,000, represents the amount charged as refunds. For 1879-80 the proceeds of the tax are estimated by the Financial Department at Rs. 25,50,000, of which Rs. 3,50,000 are entered as the share of the Provincial Government. The cost of collection being estimated to be Rs. 1,96,000, this would leave available for refunds a sum of Rs. 1,54,000 only. In fact, however, the actual cost of establishment in 1879-80 has been Rs. 1,94,112, and the refunds have been Rs. 2,79,376, or Rs. 4,73,488 altogether; so that the loss to Provincial Services on the estimates has been Rs. 1,23,488. It was not intended by the Government of India that any actual loss to the local Government should be caused by the working of the License Tax, and an application will therefore be made to that Government to recredit the excess charge. For 1880-81 it is very difficult to frame any estimate under the altered conditions of the License Tax Act. The Finance Department takes Rs. 15,00,000 as the total, and again shows Rs. 3,50,000 as the Provincial share; but its estimate of the cost of collection (Rs. 76,000) is far below the mark. The Lieutenant-Governor has already sanctioned establishments estimated to cost nearly Rs. 1,30,000, and that figure should be entered in the estimate of expenditure. The Lieutenant-Governor is willing to make over to the Government of India all receipts in excess of Rs. 3,50,000, and to pay the cost of collecting establishments, and of refunds whatever it may be. The Government of India will be asked if these proposals will be accepted.

7.—VI. *Provincial Rates.*—This head covers two classes of items, all being of the character of rates or cesses on lands—

A.—Provincial, viz.—

- (1)—The Public Works Cess collections.
- (2)—The rates levied for the cost of the general management of Wards' and Attached Estates.

B.—Local—

- (1)—District Road Fund.
- (2)—District Road Account.
- (3)—Zemindari Dak Cess.
- (4)—Recoveries of Road and Public Works Cesses from tenants in Government estates (credited under "Estates Improvement Fund.")

8. The receipts from the Public Works Cess were in 1878-79 Rs. 85,68,823, from Wards' rate Rs. 70,867, making a total in round numbers of Rs. 86,40,000. For 1879-80 the receipts are now estimated to be in all Rs. 35,50,000. For 1880-81 the Public Works Cess is expected to yield Rs. 33,28,000, and the Wards' rate Rs. 49,000, or Rs. 33,77,000 altogether. The Public Works Cess loses by the abandonment of the tax on houses, and the Wards' rate by the release of the Paikparah and Durbhunga estates. The general rate on Wards' and Attached Estates was kept as a separate fund until the close of the year 1878-79, and this fund had then a balance of Rs. 46,279, which is now merged in the general Provincial Balance. The Board of Revenue will in future see that the receipts on this account are so adjusted as to cover the disbursements and leave only a nominal margin. It is not intended to make this rate a source of revenue to the State; and the balance above referred to would not have accrued had the income of the fund been properly regulated. It is of course impossible now to distribute or refund the money as it had accumulated in long course of years, and cannot be traced with certainty to the contributions of particular estates. The receipts from Public Works Cess now fall short of the payments due to the Government of India on account of interest on productive Public Works within the Province.

9. The District Road Fund under Act X (B.C.) of 1871 was credited in 1878-79 with Rs. 33,47,439, of which Rs. 18,219 came from the old One per cent. Road Cess still realized in a few places. The estimate for 1880-81 is Rs. 33,02,800.

10. The District Road Account is mainly composed of contributions from Provincial Funds to districts in which no Road Cess is levied. These contributions are not entered under this head of the estimates, and the only item of receipt here shown is the proceeds in the districts in question of the One per cent. Cess.

11. The other items under Provincial Rates (Local) call for no special notice.

12. The Financial Department rightly reduces the local figures by deducting from both sides of the account, to avoid double entry, figures representing (as the Accountant-General explains) the amount of the Road Cess and Public Works Cess paid by Government as Zemindar from the Estates Improvement Fund, and afterwards recovered from its undertenants. In the Financial Department's Resolution No. 1417 of the 25th March "the charges for the management of Government Estates" are said to be so deducted. This is not, it would seem, altogether correct. The Accountant-General will see that the correct figures are eliminated. For the purposes of this Resolution the amounts are immaterial.

13.—VII. *Customs.*—The bulk of the Customs Revenue is Imperial, and the Financial Department's figures must be accepted. The only Provincial items under this head are Warehouse and Wharf Rents; Fees for Registration of Cargo-boats in Chittagong; and certain other miscellaneous items. These were made over to the local Government for an annual payment of Rs. 36,000. They brought in Rs. 89,800 in 1878-79, and are estimated to give Rs. 77,000 in 1879-80 and Rs. 63,000 in 1880-81.

14.—VIII. *Salt.*—The revenue from salt is also Imperial. The Provincial receipts consist only of 'Rents of warehouses,' 'Fines and forfeitures,' and 'Miscellaneous' assigned to the local Government for a yearly sum of Rs. 2,20,000. The yield has been far short of that sum in 1878-79, amounting to only Rs. 1,24,000. For 1879-80 it is estimated at Rs. 90,000, and for 1880-81 at Rs. 1,18,000. The cause of the loss to the local Government lies in the fact that bonding of salt has become the exception instead of being as formerly the rule.

15.—IX. *Opium.*—The opium revenue is entirely Imperial. The estimate of the local Government for 1880-81 was based on sale of 56,400 chests at an average price of Rs. 1,050 per chest. The estimate of price has been raised by the Government of India with reference to the results of later sales.

16.—X. *Stamps.*—This is the most important branch of Provincial revenue. It was made over to the local Government in conjunction with the receipts from Law and Justice for an annual payment in 1877-78 of Rs. 1,05,75,000, to rise by 2½ lakhs per annum. Of this, 2½ lakhs were expected to come

from stamps alone. The sum to be made good therefore under stamps in 1878-79 was Rs. 1,01,00,000. The actual receipts were Rs. 1,07,85,000, which gave the local Government a profit of Rs. 6,85,000. In 1879-80 it has to pay to the Government of India under Stamps Rs. 1,03,50,000. The first regular local estimate for that year was Rs. 1,12,00,000, raised by the Government of India to Rs. 1,15,70,000. The actual receipts to the end of February 1880 have been Rs. 1,04,16,000 as against Rs. 97,85,000 at the corresponding period in 1878-79: so that there is every prospect of the Financial Department's estimate being realized. For 1880-81 the local Government estimated only Rs. 1,11,00,000, while it has to pay over the sum of Rs. 1,06,00,000. The Government of India has raised this estimate to Rs. 1,15,00,000. If the year proves fairly prosperous, there is no good reason why that sum should not be realized. But as it is undesirable to make an over-estimate in one of the principal sources of revenue, the Lieutenant-Governor prefers to take Rs. 1,12,00,000 as the estimate for the year.

17.—XI. *Registration*.—The registration receipts were hitherto in the

	Rs.
• In 1878-79—	
Registration proper	8,69,634
Record-room receipts	89,358
Land registration receipts	29,994
	9,89,181
In 1879-80—	
Registration proper	9,20,000
Record-room receipts	95,000
Land registration receipts	29,000
	10,44,000
In 1880-81—	
Registration proper	10,00,000
Record-room receipts	84,000
Land registration receipts	16,000
	11,00,000

Imperial estimates classed under Law and Justice, but this department has been under Provincial management since 1871-72, and it has now been made a separate major head in the estimates. The receipts have been steadily growing for some years past. In 1878-79 they were Rs. 9,89,181. In 1879-80 they were expected to be Rs. 10,44,000, and the local estimate for 1880-81 is Rs. 11,00,000.* These figures and those in the statement embrace also revenue record-room receipts and land registration fees transferred from *Miscellaneous*. The local figures are retained by the Lieutenant-Governor.

18.—XIII. *Post Office*.—Under this heading in the Bengal estimates are entered merely the miscellaneous receipts of the Zemindari Dak Fund which

is, as already noted, treated as *Local*.

19.—XV. *Minor Departments*.—The following items under this head are Provincial—

- (1.) Emigration fees under Act VII of 1871.
- (2.) Examination fees for native civil service (blank).
- (3.) Receipts from model farms, &c. (blank).
- (4.) Botanical Garden receipts.
- (5.) Cinchona plantation receipts.

The Inland Labour Transport fees under Bengal Act VII of 1873 are treated as an incorporated *local* fund. The Provincial receipts were in 1878-79 Rs. 1,25,454. In 1879-80 they are estimated at Rs. 1,21,000; and for 1880-81 at Rs. 1,59,000 owing to increased sales of cinchona alkaloids. The Inland Labour Transport Fund receipts average about 1½ lakhs annually.

20.—XVI. *Law and Justice*.—This heading is entirely Provincial. It covers—

1. Sale-proceeds of unclaimed and escheated property.
2. Court-fees realized in cash.
3. General fees, fines, and forfeitures.
4. Miscellaneous.
5. Jail receipts.
6. Pleadership examination fees.

The actual receipts in 1878-79 were Rs. 16,46,000. For 1879-80 they are estimated by the local Government at Rs. 16,81,000, raised by the Financial Department to Rs. 17,81,000. For 1880-81 the estimate is Rs. 19,81,000. The Lieutenant-Governor prefers to adhere to the local figures in the regular estimate. The first four items shown above were made over to the local Government in 1877-78, and the payment to the Imperial Treasury on account of them in 1878-79 was Rs. 7,50,000. Their actual yield was Rs. 10,35,696. The payment in 1879-80 is Rs. 7,75,000; the estimated yield Rs. 10,15,000. The payment in 1880-81 is Rs. 8,00,000; the estimated yield Rs. 10,14,000.

The local Government expects a large increase of receipts under the head of Jail manufactures in the course of the next few years.

21.—XVII. *Police*.—The Provincial section of this head comprises not merely payments for police supplied to public departments and private persons, superannuation receipts, recoveries on account of village police, and other purely police items, but also under recent orders the receipts from pounds and from steam-boiler inspection fees. A local section has also been opened for certain fees, fines, and forfeitures under Incorporated Local Funds, but the entries are nominal. The total Provincial receipts were in 1878-79 Rs. 4,31,762, expected to rise to Rs. 4,60,000 in 1879-80, and taken at Rs. 4,57,000 for 1880-81.

22.—XVIII. *Marine*.—This head is partly Imperial and partly Provincial. It is only necessary here to take account of the latter items which are registration and other fees, pilotage receipts, and miscellaneous petty receipts. In 1878-79 they were Rs. 11,76,486; for 1879-80 they are estimated to be Rs. 10,94,000, and in 1880-81, Rs. 11,73,000. The local Government has to make good to the Imperial Treasury Rs. 10,84,000 under this head. No receipts are entered under *Imperial* for 1880-81, as they have been transferred from the estimate of the Bengal Government to that of the Government of India.

23.—XIX. *Education*.—These receipts are entirely Provincial. The falling off in the figures for 1879-80 and 1880-81 is due to a decrease in the "Contribution from Native States and private persons," and in "Miscellaneous" receipts.

24.—XX. *Medical*.—These receipts are also Provincial. They comprise Medical College fees, Hospital and Lunatic Asylum receipts, Proceeds of sale of medicines by Civil Surgeons, and Miscellaneous. The decrease shown in the table is caused partly by a reduction in the number of pupils in medical schools and by diminished sales of quinine, but chiefly by the fact that in 1879-80 credit was taken for arrear contributions due from the Calcutta Municipality for the Sealdah Hospital.

25.—XXI. *Stationery and Printing*.—This also is a Provincial heading. The receipts may probably be increased if due care is taken by the Superintendent of Stationery and by the Accountant-General to see that all local funds, municipalities, and the like are made to pay for stationery taken from Government stores. The Board of Revenue will be asked to issue orders to secure that these charges are regularly made.

26.—XXII. *Interest*.—These receipts are mainly Imperial, representing chiefly interest on loans and advances to public bodies, native states, or individuals. The only Provincial items are the interest on Government securities held for medical or educational purposes.

27.—XXIII. *Superannuations*.—Receipts in aid of Superannuation, Retired, and Compassionate Allowances, are entirely Imperial.

28.—XXIV. *Miscellaneous*.—Under this heading the following items are Imperial, viz. premium on bills, unclaimed bills of exchange, and sales of durbar presents. The Provincial items have been subject to considerable modification of late, but they now comprise unclaimed deposits, gain by exchange on Provincial transactions, sale of old stores and material, rents from staging bungalows on Provincial roads, circuit-house rents, other rents, miscellaneous fees, fines, and forfeitures, and a large number of miscellaneous receipts not elsewhere classified. Under the head of *Local* are shown rents credited to the District Road Funds and Accounts, and fees, fines, &c., belonging to those funds. The differences between the figures shown in the statement are caused only by adjusting transfers to suit the most recent classification adopted by the Government of India.

29.—XXV. *State Railways*.—This head is entirely Provincial. The receipts for 1878-79 were Rs. 17,53,000. The regular estimate for 1879-80 is taken at Rs. 24,00,000, and for 1880-81 the receipts are estimated at Rs. 27,25,000.

It is now expected that the actual receipts for 1879-80 will be not less than Rs. 25,10,000, but as that figure has not yet been certified by the Account Department, the regular estimate is allowed to stand.

30.—XXVI. *Irrigation and Navigation*.—The receipts from embankments maintained by Imperial funds are the only items shown as Imperial under this head. The Provincial items are (1) the tolls on the Nuddea rivers and Calcutta

and Eastern Canals; and (2) the receipts of the Irrigation Department proper. Under the *Local* heading are shown receipts from tolls on certain canals maintained by District Road Funds. The tolls on rivers and canals (Provincial) brought in Rs. 6,75,564 in 1878-79, and were expected to yield Rs. 7,82,000 in 1879-80. There has, however, been a serious falling off in the receipts, as to which the Board of Revenue must be asked for explanation. The regular estimate is now only Rs. 6,97,500, and the estimate for 1880-81 Rs. 6,79,000. The receipts from the Orissa, Midnapore, Hidgellee Tidal, and Sone Canals amounted in 1878-79 to Rs. 8,51,133. The regular estimate for 1879-80 shows Rs. 10,67,000, and the estimate for 1880-81 Rs. 11,66,000 from this source. Better results were hoped for, especially from the Sone Canals, but the rainfall of last year was very abundant and the demand for canal water was affected. It is, however, confidently expected that, under the system of giving leases of the water for a term of years which is now being introduced, the revenue will develop rapidly. The Sarun Project is expected to yield a revenue of Rs. 10,000 in 1880-81; so that the total receipts under Irrigation and Navigation for that year are estimated to be Rs. 18,55,000.

31.—XXVII. *Other Public Works.*—These are the *Provincial* Public Works receipts from ferries, rents, and miscellaneous. Under *Local* would be shown the receipts of the District Road Funds from the same sources, but the columns are blank at present.

32.—XXVIII. *Provincial and Local deficit.*—This is merely an adjusting head between the Imperial and Provincial accounts.

33.—XXX. *Gain by exchange on transactions with London.*—This is an Imperial heading. The figures shown in the Bengal estimates are those relating to remittances for the Nawab Nazim of Bengal and Seamen's Money Orders.

34. The *contributions* from Provincial to Local Funds appear under the Local column of receipts. The actual amount so given was in 1878-79 Rs. 1,93,000. In 1879-80 the Government of India have shown Rs. 93,000 on this account in the regular estimate; but the true amount of sanctioned contributions is Rs. 2,35,000. For 1880-81 only Rs. 93,000, representing the ordinary annual contribution to the Road Funds of certain districts and the cost of collecting Public Works Cess, have been entered. It is probable, however, that further grants may be made in the course of the year, and the Lieutenant-Governor would wish to set apart at least one lakh of rupees on that account. The figure of 5,000 shown as a contribution to Provincial Funds in 1880-81 represents payments made by the "District Road Fund" and "District Road Account," for services rendered by the Executive officers of the Public Works Department in supervising district works. It is made up thus:—

							Rs.
District Road Fund	3,802
Do. do. Account	1,507
							—
Total	5,109
							—

Under the orders of the Government of India in the Financial Department, No. 1856, dated 10th December 1879, sums given from Provincial Funds for expenditure on Productive Public Works must be treated as a contribution from the Provincial to the Imperial Government. Rs. 3,15,000 given by this Government in 1879-80 towards the construction of the Patna and Gaya Railway, is shown therefore as an Imperial receipt under the head of Contributions.

35. The *Provincial allotment* is the amount which has to be paid by the Supreme Government to enable the local Government to carry on the Provincial Services upon the terms of the contracts made in 1871-72 and 1877-78. In the original estimates for 1880-81 the local Government reduced the allotment by 20 lakhs on account of the special contribution it had agreed to give to the Government of India in that year. The Government of India now takes this contribution in two instalments, and shows it separately as a disbursement.

EXPENDITURE.

36.—1. *Interest on debt incurred for Productive Public Works.*—This is the interest charge upon capital expended in State Railways and Canals which the local Government has to make good. The accounts stand briefly thus, as given by the Accountant-General, Public Works Department:—

	Actual outlay to end of 1878-79.	Regular estimate, 1879-80.	Estimate, 1880-81.
	Rs.	Rs.	Rs.
Irrigation	4,81,84,920	22,50,000	14,00,000
Railways	2,76,57,805	19,65,905	10,00,000

Total	<u>32,05,827</u>	<u>35,07,750</u>	<u>36,56,638</u>

The foregoing figures do not include money spent from Provincial Funds on which no interest is payable, nor does it include the capital cost of the Calcutta and South-Eastern Railway. The sums given from Provincial Funds are:—

Under Irrigation—

	To end of 1878-79.	In 1879-80.
	Rs.	Rs.
Canal plantations	13,507
Sarun and Jagooty schemes	2,69,190	2,60,000*

Under Railways—

	8,15,000
Patna and Gya line	93,768	89,260*
Railway Surveys
Total	3,76,465	6,64,260

The interest figures given above differ slightly from those shown in the civil accounts for 1878-79, and in the estimate of the Financial Department for 1880-81; but they are reported by the Accountant-General, Public Works Department, to be the correct amounts, and may be adopted for 1880-81. The Civil Accountant-General's figure for 1878-79 must stand until it is adjusted in communication with the Public Works Department Accounts Branch.

37.—2. *Interest on Service Funds and other accounts.*—This heading is entirely Imperial, and the figures of the Financial Department must be followed.

38.—3. *Refunds and Drawbacks.*—These are classified under Imperial, Provincial, and Local, according to the revenues which they affect. The sums dealt with under this head grow as the revenues grow.

39.—4. *Land Revenue.*—The charges for revenue surveys, land settlement, and malikana are Imperial. In 1877-78 the charges for Collectors' and Deputy Commissioners' establishments, and those on account of land revenue collection, were made over to the local Government with a grant of Rs. 22,62,000. The expenditure on these accounts in 1878-79 was Rs. 22,54,000, and is estimated to be somewhat less in 1879-80 and 1880-81. The following items have since been brought together under this head:—Charges for management of Government estates, sub-divisional establishments, rents, rates, and taxes on Revenue Department buildings, petty construction and repair of the same. The total outlay in 1878-79 was Rs. 25,43,311. In 1879-80 it is now expected to be Rs. 25,04,000 (omitting land registration charges), and for 1880-81 the estimate is Rs. 24,70,000. The figures of the Financial Department given in the statement seem to include land registration charges which in the accounts for 1878-79 were apparently transferred to Registration. The financial figures will be accepted as including that charge, which is to remain under this heading.

* No interest is payable on these sums, because the works have not been sanctioned as Provincialized Productive Public Works. They have accordingly been entered under the respective service heads and not under "Contribution" to Imperial under which the remaining sum of Rs. 8,15,000, spent on a sanctioned productive work, has been shown.

40.—5. *Forests.*—This Department being Imperial, the Financial Department's figures may be accepted.

41.—6. *Excise.*—The grant to the Provincial Government for collecting the excise revenue is Rs. 2,92,000. The actual charges in 1878-79 were Rs. 2,82,810. They are expected to be Rs. 2,60,000 in 1879-80, and Rs. 2,70,000 in 1880-81.

42.—7. *Assessed taxes.*—The estimate for 1880-81 must be raised, as already noted, to Rs. 1,30,000, or at any rate expenditure to that amount must be admitted by the Accountant-General.

43.—8. *Provincial Rates.*—This heading in the Provincial section covers the charges of collecting the Public Works Cess, and in the local section the cost of administering the following funds:—

- (a.) District Road Fund.
- (b.) District Road Account.
- (c.) Estates Improvement Fund.

The charges against the rate levied for the general management of wards and other estates are shown under "Administration," and of the Zemindari Dak Cess under "Post Office."

44. The cost of collecting the Public Works Cess in 1878-79 amounted to Rs. 12,923; but from the beginning of 1879-80 an annual payment of Rs. 46,800 to the District Road Committees has been sanctioned on this account, and is shown under the adjusting head "Contribution from Provincial Services." No entry therefore appears against this heading of Provincial rates for the years 1879-80 and 1880-81.

45. In the "Local" section the Government of India has, as above noticed, deducted the amount of Road and Public Works Cess in Government Estates from both sides of the account to avoid a double entry. The Financial Department's figures are accepted by the Lieutenant-Governor. The other items do not call for special notice.

46.—9. *Customs.*—The grant to Provincial Government for Sea Customs Establishment is Rs. 6,93,000. The actual expenditure in 1878-79 was Rs. 6,99,170. The regular estimate for 1879-80 is Rs. 6,92,000, and the estimate for 1880-81 is Rs. 7,11,000. It ought, however, now to be possible to make some savings under this head, especially in Calcutta, and the Revenue Department of this office will be invited to consider the matter.

47.—10. *Salt.*—Under this head the charges on account of Preventive Establishment were reserved as Imperial, and the rest made over to Provincial control with an annual grant of Rs. 40,800. The actual Provincial expenditure in 1878-79 amounted to Rs. 47,903, which included the cost of the salt preventive establishment in Orissa. But the cost of this establishment was afterwards made Imperial, and the total expenditure in 1879-80 is expected to be Rs. 30,000, and in 1880-81 Rs. 34,000. The cost of preventive establishment in Behar, which was hitherto shown in the Imperial section of the Bengal account, has now been transferred to the Inland Customs Department, North-Western Provinces.

48.—11. *Opium.*—The expenditure under this head is entirely Imperial. The figures of the Financial Department will be followed.

49.—12. *Stamps.*—The Imperial grant for the collection of stamp revenue is Rs. 2,38,000. The actual expenditure in 1878-79 was Rs. 2,50,895. In 1879-80 it is expected to be Rs. 2,62,000, and in 1880-81 Rs. 2,64,000. The increased expenditure is due to the discount on increased sales of stamps.

50.—13. *Registration.*—As stated above the Registration Department was hitherto classed under Law and Justice and is now made a separate major head. Apparently it is intended to include under it all expenditure of the Registration Department, and the revenue record-room charges. The actual expenditure under all these heads in 1878-79, plus the land registration charges now shown under Land Revenue, amounted to Rs. 5,95,832; it is expected to rise in 1879-80 to Rs. 6,03,000, and in 1880-81 to Rs. 6,29,000. The figures of the Financial Department for 1879-80 and 1880-81 given in the statement do not include the land registration charges and will be adopted.

51.—15. *Post Office.*—Under this head are entered only the zemindari dak charges which are treated as 'Local.'

52.—17. *Administration.*—Under this head the charges on account of "Civil Offices of Account and Audit," "Currency Department," and "Allowances to Presidency Banks" are reserved as Imperial. In 1877-78 the following charges were made over to the local Government with an annual grant of Rs. 12,61,000 :—

- (1) Salary of Lieutenant-Governor.
- (2) Staff and household of Lieutenant-Governor.
- (3) Tour expenses.
- (4) Legislative Council.
- (5) Civil Secretariat.
- (6) Board of Revenue.
- (7) Commissioners.
- (8) Provincial establishments in Office of Account and Audit.

The expenditure on these accounts in 1878-79 was Rs. 14,08,632, and is estimated to be somewhat less in 1879-80 and 1880-81. The charges for the management of wards and other estates are also now included under this head. The total outlay in 1878-79 was Rs. 14,77,060, the regular estimate for 1879-80 is Rs. 14,53,000, and the local estimate for 1880-81 is Rs. 14,24,000. The Financial Department has increased the estimate for 1879-80 by Rs. 17,000 and for 1880-81 by Rs. 29,000 on account of Secretariat and Commissioners' establishments having a tendency to exceed estimates, chiefly through acting appointments and leave allowances, and to meet part of the cost of the new appointment of Auditor of Local Funds Accounts. The figures of the Financial Department will be adopted.

53.—18. *Minor Departments.*—The following Provincial charges are included under this head :—

- Examination.
- Emigration.
- Cinchona plantations.
- Donations to scientific societies.
- Public exhibitions and fairs.
- Model farms.
- Botanical and other public gardens.
- Provincial statistics.
- Registration of railway traffic.
- Registration of river-borne traffic.
- Provincial museum.
- Rents and rates and taxes and petty construction and repairs of meteorological and other buildings.

The charges on account of Meteorological and Archaeological Departments and inter-provincial traffic registration are treated as Imperial, and charges of the Inland Labour Transport Fund as Local.

54. The actual Provincial expenditure in 1878-79 was Rs. 2,45,356. The regular estimate for 1879-80 is Rs. 2,62,000, and the local estimate for 1880-81 is Rs. 3,26,000, which has been reduced by the Financial Department to Rs. 2,76,000, Rs. 50,000 provided for the cinchona factory being transferred to grant 34, "Other Public Works."

55. The charges of the Inland Labour Transport Fund, excluding medical and public works charges, which are entered under their respective service heads, average about Rs. 56,000. The grant for 1880-81 was fixed by this Government at Rs. 58,000. The Government of India has retained the original figure of the Accountant-General, Rs. 56,000; and, as the difference is trifling, the figure of the Financial Department may stand.

56.—19. *Law and Justice.*—The only item reserved as Imperial under "Law and Justice" is the charge for "Law officers." The following Provincial charges are included under this head :—

- (1) High Court Judges.
- (2) High Court Appellate Branch.
- (3) Ditto Original ditto.
- (4) Coroner's Court.
- (5) Justices of the Peace.
- (6) Civil and Sessions Court.

- (7) Courts of Small Causes.
- (8) Criminal Courts.
- (9) Jails.
- (10) Pleadership examination charges.
- (11) Sub-divisional establishments.
- (12) Rents, rates and taxes of judicial buildings.

The first eight items were made over to the local Government in 1877-78 with an annual grant of Rs. 62,97,000. In 1878-79 the expenditure amounted to Rs. 63,50,473; in 1879-80 it is expected to be Rs. 63,72,500, and in 1880-81 Rs. 63,57,000. Items 9, 11, and 12 were made Provincial in 1871-72, and are incorporated with this head to suit the Imperial classification. Pleadership examination charges were also included under this head on the amalgamation of the reserve funds with Provincial Services. The total outlay in 1878-79 under all the heads was Rs. 83,19,014. The regular estimate for 1879-80 is Rs. 83,61,000, and the estimate for 1880-81 originally stood at Rs. 84,99,000; but a supplementary grant of Rs. 13,000 has afterwards been made, and the grant will stand at Rs. 85,12,000. The increase is chiefly under item (9) Jails.

57.—20. *Police*.—The actual expenditure under this head in 1878-79 was Rs. 40,23,670. The regular estimate for 1879-80 is Rs. 39,75,000, and the original local estimate for 1880-81 was Rs. 40,59,000. Subsequently additional grants aggregating Rs. 10,572 were sanctioned for (a) accoutrements and camp equipage; (b) good conduct money for the Chittagong Hill Tracts Police; and (c) Provincial Railway Police charges. The estimate of the Financial Department includes the grant of Rs. 5,000 for (a) accoutrements and camp equipage. The grants for (b) and (c) were made too late to be added to the estimate. The estimate as now finally adopted will stand at Rs. 40,70,000.

58.—21. *Marine*.—This head hitherto comprised both Imperial and Provincial charges, but it now includes only Provincial items, the total grant for which is Rs. 11,38,243. The actual expenditure in 1878-79 amounted to Rs. 12,37,262, the regular estimate for 1879-80 is Rs. 10,77,000, and the original estimate for 1880-81, which has been adopted by the Financial Department, is Rs. 11,91,000. A grant of Rs. 8,000 was subsequently made for coppering the floating light-vessel *Meteor*, which will be added in the final estimate.

59.—22. *Education*.—The items included under this head are Provincial, except the grant-in-aid from the Estates Improvement Fund which is treated as "Local." The actual Provincial expenditure in 1878-79 amounted to Rs. 24,88,089, and the regular estimate for 1879-80 is Rs. 24,45,000. The original local estimate for 1880-81 was Rs. 25,53,000, but the Financial Department has reduced it to Rs. 25,26,000. But as increased expenditure is anticipated under Government schools and colleges, the Lieutenant-Governor would retain the original estimate and add to it the supplementary grants aggregating Rs. 11,500 made for the new technical school and the Saraswati Sumaj at Dacca. The total grant will accordingly stand in round numbers at Rs. 25,65,000.

60.—23. *Ecclesiastical*.—The charges included under this head are mainly Imperial; Cemetery establishment only is Provincial. The expenditure on this account averages about Rs. 9,000 a year.

61.—24. *Medical*.—The Imperial items under this head comprise mainly the salaries of surgeons and uncovenanted medical officers. The Provincial items are—

- (1) Salary of the Surgeon-General and his establishments.
- (2) Vaccination.
- (3) Medical schools and colleges.
- (4) Hospitals and dispensaries.
- (5) Lunatic Asylums.
- (6) Sanitary Commissioner.
- (7) Chemical Examiner.
- (8) Grants for medical purposes.
- (9) Purchase of European publications.

The local items are grants from the Estates Improvement Fund and the Inland Labour Transport Fund for hospitals and dispensaries.

62. The actual Provincial expenditure in 1878-79 was Rs. 12,30,980, and the local estimate for 1880-81 was Rs. 12,82,000; but the Government of India has reduced it by Rs. 25,000, probably with reference to the figures of the regular estimate for 1879-80 which amount to Rs. 11,90,000. But as increased expenditure under Vaccination and some other heads is anticipated, the original local estimate will stand. The grants under "Imperial" and "Local" do not call for any special notice.

63.—25. *Stationery and Printing*.—The cost of "Establishment of the Stationery Office" and of "Stationery purchased in the country" is Imperial. The actual cost of such stationery in 1878-79 amounted to Rs. 1,33,728. The local regular estimate for 1879-80 was Rs. 2,85,000, which has been raised by the Government of India to Rs. 5,35,000. A provision of Rs. 12,91,000 has been made by the Financial Department on this account for 1880-81, as almost all stationery supplies are in future to be purchased in the country. The Imperial grant to the Provincial Government for stamps and stationery supplied from central stores is Rs. 4,48,000, but the expenditure came up to Rs. 5,95,616 in 1878-79, and is expected to be Rs. 6,34,000 in 1879-80 and Rs. 6,41,000 in 1880-81. The other Provincial charges included under this head are "Government presses," "Printing at private presses," "Rents, Rates and Taxes" of Printing Department buildings, and "Cost of stationery purchased in the country," that is to say, the stationery bought by Government offices in certain departments direct in the local markets, and which was formerly included under service heads. The total Provincial outlay in 1878-79 was Rs. 9,52,087, expected to rise in 1879-80 to Rs. 9,75,000, and estimated at Rs. 9,77,000 for 1880-81.

The figures under "Local" represent merely the printing expenses of the incorporated local funds.

64.—26. *Political*; 27. *Allowances*; 28. *Civil furlough and absentee allowances*; and 29. *Superannuations*—are generally all heads of Imperial charges and do not call for special notice. There is a small entry under local funds for superannuation gratuities and pensions.

65.—30. *Miscellaneous*.—The Imperial items are charges for remittance of treasure and other charges of a miscellaneous character. The Provincial items are—

- (1) Travelling allowances to covenanted and uncovenanted officers attending examinations.
- (2) Rewards for proficiency in Oriental languages, and allowances to Language Examination Committee.
- (3) Special Commissions of Enquiry.
- (4) Allowances to Civil Servants out of employ.
- (5) Donations for charitable purposes.
- (6) Rewards for the destruction of wild animals.
- (7) Cost of books and publications.
- (8) Charges on account of European vagrants.
- (9) Circuit-house establishments.
- (10) Rents, rates, and taxes of buildings not provided under other heads.
- (11) Miscellaneous and other unforeseen charges.
- (12) Staging bungalow charges.

The figures under "Local" represent the cost of petty establishments, petty construction and repairs, and other contingencies of Serais as well as miscellaneous and unforeseen charges of District Road Funds and District Road Accounts.

The actual Provincial expenditure in 1878-79, excluding staging bungalow charges, which were hitherto included under Public Works Ordinary, amounted to Rs. 2,82,000; the Imperial expenditure under this head was Rs. 40,000, and Local, Rs. 80,000: total Rs. 3,52,000. The difference between the original local figures and those adopted by the Financial Department for 1879-80 and 1880-81 is mainly due to the inclusion by the latter of the charges on account of staging bungalows transferred to this head. The Government of India has also increased the regular estimate for 1879-80 by Rs. 6,000, and the estimate for 1880-81 by Rs. 5,000, on account of increase, under remittance charges. The figures of the Financial Department will be adopted.

66.—31. *Famine Relief.*—The heading is blank for 1879-80 and 1880-81.

67.—32. *Railways.*—The actual working expenses of railways in Bengal was in 1878-79 Rs. 13,46,998 ; they are expected to rise to Rs. 19,75,000 in 1879-80, and will probably amount to Rs. 17,90,000 in 1880-81. The figures of 1878-79 and 1879-80 include expenditure on surveys which are Provincial. Excluding the expenditure on surveys, the figures will be Rs. 12,52,966 for 1878-79, Rs. 18,85,000 for 1879-80, and Rs. 17,90,000 for 1880-81. Setting these expenses against the receipts of the Railways shown under XXV, State Railways, the net earnings to Government have been Rs. 5,00,134 in 1878-79 ; they are expected in 1879-80 to be Rs. 5,15,000 (and may, probably be more), and in 1880-81 Rs. 9,35,000. The total capital outlay to end of 1878-79 on these Railways (excepting the Calcutta and South-Eastern State Railway)

* This includes an expenditure of Rs. 8,15,000 paid from Provincial Funds on the Patna and Gaya Railway. amounted, as shown above, to Rs. 2,76,57,805, and will probably come up to Rs. 2,99,38,710* by the end of 1879-80, and Rs. 3,09,38,710 at the close of the current financial year. The net earnings of these Railways, excluding those of the Calcutta and South-Eastern State Railway, for the three years stand at Rs. 3,57,561, Rs. 4,75,000, and Rs. 8,95,000 ; so that the capital laid out on them actually brought in 1·2 per cent. in 1878-79, will probably bring in 1·5 per cent. in 1879-80, and 2·8 per cent. in 1880-81.

68.—33. *Irrigation and Navigation.*—The expenditure on Government embankments and works for the improvement of Government Estates is the only item shown as Imperial under this head. The Provincial items are the charges of the Nuddea Rivers and Calcutta and Eastern Canals, outlay on agricultural and other works, and the charges of the Irrigation Department proper. The total Provincial expenditure in 1878-79 amounted to Rs. 15,20,000. In 1879-80 it is expected to be Rs. 20,86,000. For 1880-81 the grant was originally fixed at Rs. 21,60,000 ; but an addition of Rs. 2,50,000 has subsequently been made to it for expenditure on the Jagooty Project out of the supplementary grant of Rs. 12,00,000 placed at the disposal of the Public Works Department. The grant will accordingly stand at Rs. 24,10,000. The working expenses of Orissa, Midnapore, Hidgeljee Tidal and Sone Canals amounted in 1878-79 to Rs. 8,05,610. The regular estimate for 1879-80 shows Rs. 8,20,000, and the estimate for 1880-81 Rs. 7,78,000. Setting these expenses against the receipts from these canals as shown under XXVI, Irrigation, the net earnings to Government were in 1878-79 Rs. 45,523. In 1879-80 they may amount to Rs. 2,47,000, and in 1880-81 to Rs. 3,88,000. The total capital outlay on these canals to end of 1878-79 amounted to Rs. 4,81,84,920, which includes the very unprofitable outlay in the purchase of the Orissa Canals. It will probably come up to Rs. 5,04,34,920 by the end of 1879-80, and to Rs. 5,18,34,920 at the close of the current financial year. The capital laid out may bring in by the end of 1880-81 7 per cent. only.

69.—34. *Other Public Works.*—The Provincial items under this head are the ferry charges, accounted for in the Civil Department, and Strand Bank charges and Public Works expenditure proper, accounted for in the Public Works Department. The total expenditure under this head in 1878-79 amounted to Rs. 33,45,013, which includes the charges on account of staging bungalows since transferred to "Miscellaneous." Excluding these charges from the estimates for 1879-80 and 1880-81, the regular estimate for 1879-80 shows Rs. 32,44,000, increased since the close of the year by an extra grant of four lakhs of rupees to cover cost of works in hand. The original local estimate for 1880-81 was Rs. 34,22,000, which has been adopted by the Financial Department ; but a sum of Rs. 80,000 was afterwards transferred to the Irrigation Department for certain works to be done by that department ; and as the amount is included in the grant of Rs. 21,60,000 fixed for that department, the grant for Public Works Ordinary should have stood at Rs. 33,42,000. This grant was only sufficient to meet the cost of ordinary repairs and maintenance, and to carry on in a very inadequate way works already in hand. The Lieutenant-Governor therefore subsequently sanctioned an additional grant of Rs. 12,00,000 under this head, out of which a sum of Rs. 2,50,000 has been added to the grant originally fixed for Irrigation works, so that the grant for 1880-81 will stand at Rs. 42,92,000. The Public Works expenditure (Local) has been fixed at Rs. 26,69,000, but it should be raised to Rs. 27,34,000 to provide for the steam-ferry service from Kurriagon to Dhubri.

70. **XXXV. Provincial and local surplus.**—As explained above, this is merely an adjusting head between Provincial and Imperial accounts.

71. **Contribution.**—The entries here correspond to those on the receipt side of the estimate.

72. In the Resolution of this Government dated the 31st March 1879, the closing balance of Provincial Funds on that date was estimated at Rs. 45,40,750. The actual balance as reported by the Accountant-General was Rs. 42,79,000. The appended statement shows that the surplus of the year 1879-80 will probably amount to Rs. 20,000. The balance at the close of that year will accordingly be increased by that amount.

73. The total Provincial receipts of the year 1880-81 are estimated to amount to Rs. 3,78,07,000, and the expenditure to Rs. 3,90,73,000, or Rs. 12,66,000 more than the estimated receipts. The closing balance of that year will accordingly decrease by that amount, and will be reduced, as shown in the statement, to Rs. 30,33,900.

74. The balance of the Incorporated Local Funds on 1st April 1879 was Rs. 24,99,000. It will probably rise to Rs. 27,07,000 on 31st March 1880, and may amount to Rs. 34,21,000 at the close of the year 1880-81. This balance, though large as a whole, is spread over nearly all the districts in the province. Care should, however, be taken by the local bodies and officers responsible for the administration of the funds to prevent undue accumulation of balances.

75. In conclusion, it may be noted that, while the Bengal Estimates for 1880-81 show a gross revenue on all accounts of Rs. 17,29,25,000, the expenditure on service heads within the province shown in the same estimates amounts to only Rs. 6,98,29,000.

ORDER.—Ordered that a copy of the above Resolution, and the appended statement, be submitted to the Government of India, in the Department of Finance and Commerce, with special reference to paragraph 6.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the Accountant-General for information and guidance.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the Revenue Department of this Government, with special reference to paragraph 46.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the General, Medical, Judicial, Political, and Public Works Departments of this Government, and to the Public Works Department, Irrigation and Railway Branches, for information.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the Board of Revenue, with special reference to paragraphs 8, 25, and 30.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

Secretary to the Government of Bengal.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

[Third Publication.]

The 7th May 1880.—The following Rules for Cultivation Leases of small lots of Waste Land in the Regulation District of Chittagong are published for general information:—

These rules shall be applicable to all such waste lands being the property of Government and not included in, or required for inclusion in, other settlements, taluki or other, within the limits of the Regulation District of Chittagong, as shall from time to time be applied for by small capitalists for the purposes of ordinary native cultivation.

2. Such lands so applied for shall, with the exception hereinafter provided, be divided into lots of about 50 acres, and their leases disposed of by public auction to the highest bidder. The land shall be divided into lots by the Collector, either according to the wishes of applicants or as may be convenient, but he must be very careful to define the lot as clearly as possible at time of sale.

3. The first lease shall run in every case to the general year of resettlement for the district, viz. 1898 A.D., and the lessee shall have a right of resettlement on such terms and for such period as may then be fixed, provided that the resettlement shall not be for a less period than 20 years.

4. Selected tracts of available waste land shall be put up to auction from time to time. A general notice shall be issued setting forth that leases of the waste lands situated in the mouza or locality specified, will be put up to public auction on a specified date in such lots not exceeding 50 acres as may be applied for, and inviting persons who may wish to bid for any lot or lots of the said lands to put in written application for the same within one month from the date of the publication of the notice.

5. This general notice shall be in the form set out in Appendix A, and shall be published by posting up copies in the offices of the Settlement Officer and the Collector, in the police-station within whose jurisdiction the village lies, and in some conspicuous part of the villages containing or adjoining the tract.

6. The applications for leases therein invited shall be required to contain—

- (1) The name, father's name, and residence of the applicant;
- (2) A specification of the area, situation, boundaries, and general description of the land applied for, so far as they can be ascertained without a detailed survey.

7. On the date fixed in the general notice, all plots that have been applied for shall be put up to auction and leased to the highest bidder.

8. Plots subsequently applied for shall from time to time be put up to auction and disposed of in like manner.

9. At time of sale the Collector shall be careful to notify that the sale is made subject to these rules.

10. It will in every case be in the discretion of the Collector, Settlement Officer, or other officer empowered to hold auctions, when putting up the leases to public competition, to classify the plots as first or second class waste, and to fix the upset rates accordingly.

Those rates will be—

For first class waste.—From the first to the end of the fifth year, at two annas an acre.

From the sixth to the end of the tenth year, at five annas an acre.

Cultivation then found to be measured and assessed at Rs. 2 an acre, the waste remaining at five annas an acre.

For second class waste.—From the first to the end of the fifth year, at one anna and a quarter an acre.

From the sixth to the end of the tenth year, at two annas and a half an acre.

Cultivation then found to be measured and assessed at Re. 1-4 an acre, the waste remaining at two annas and a half an acre.

11. It shall be a condition of the sale that at the end of the tenth year of the lease, or as soon after as the Collector may think proper, a measurement of the land under cultivation may be made, and the assessment re-adjusted in respect of the area so found, according to the above rates. Any *sunn* and *gorjon kholas* found shall also then be assessed at fair rates. One more similar measurement and re-adjustment of the assessment may be made at any time after the end of the fifteenth year, after which no further measurement or re-adjustment of assessment shall be made till the lease expires.

12. The purchasers of the lots, within one week after the auction, shall deposit the amount of the first year's rental, which shall be taken to cover the expense of mapping, measuring, and demarcating the lots; and no further payment on this account shall be required from the lessee. But the lessee shall bear the cost of clearing the boundary trace when it passes through jungle. If the amount of the first year's rental be not deposited within one week as required above, plus the estimated cost of clearing the boundary trace when necessary, the sale may at the discretion of the Collector be held void, and the lease again put up to auction.

13. An amin shall then be deputed to the village to measure and map the lots and to demarcate the boundaries.

14. The map shall be on the scale of 32 inches to the mile, and shall show all natural features of the plots, such as khals and hills, and shall also show all public pathways. The position of the plot shall in every case be fixed by an offset taken from some permanent and recognizable landmark in the vicinity.

15. The amin shall prepare a field-book of each lot, showing clearly the position and identification of the lands lying within its boundary and also the total area.

16. In demarcating the lots natural boundaries shall be followed as far as possible. The boundaries shall in every case be further demarcated by marks, consisting of posts or tree stems set in mounds of earth at every angle of the boundary. On receipt of the amin's report a lease shall be granted to the purchaser in a form which shall be the counterpart of the form of *kabuliyat* given in Appendix B, together with a copy of the amin's map.

17. If at the time of giving possession of the lot to the lessee any dispute shall arise as to its boundaries or its identity with the lot of which he purchased the lease, the purchaser shall be bound by the decision of the Collector, and if dissatisfied therewith, may throw up the lease, in which case the amount paid as purchase-money will be repaid to him without interest; after deducting any actual expenses incurred on survey, demarcation, or otherwise.

18. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost, a reduction being made in the rent payable under the lease proportional to the area taken up by Government; but the value of any improvement or property therein shall be paid to the lessee, and shall be assessed under the provisions of the law in force for the time being for the acquisition of land for public purposes.

19. The Government reserves to itself the right to all minerals on the lands which may be leased, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

20. The title conveyed by the lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole area, and that no transfer shall be valid as against Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notice of the transfer shall have been given by the transferee to the Collector within two months of the transfer.

21. No sub-tenure inconsistent with the conditions, or for a period beyond the term of the lease, can be granted by the lessee, and if the lessee creates an undertenure he shall be bound to impose a condition prohibiting his undertenant from creating any lower undertenure. Such undertenant shall be bound to let to cultivating ryots only.

22. In the case of lands exposed to salt-water inundation and requiring to be protected by embankment, the above rules shall be subject to the following modifications:—

- (a) The Collector or other officer empowered in that respect may, at his discretion, offer such lands to auction in lots of such area greater than 50 acres as may be applied for either by a single applicant or by several applicants jointly: provided that such area be not more than can, in the circumstances of the

locality, be effectively protected by a single continuous outer line of embankment, and shall in no case exceed 200 acres if settled with a single applicant, or 50 acres per each applicant if with several applicants jointly.

(b.) The outer boundary of the grant having been duly demarcated and boundary marks placed by the amin, the applicants shall be required, on pain of forfeiture of the grant in case of default, to complete the demarcation of boundary, within one year from the date of auction, by the erection, at their own cost, of the necessary embankment.

(c.) In the case of a joint application by several persons, the distribution among them of the land within the joint embankment shall be matter of private agreement among themselves, and they shall be jointly and severally responsible for the rent of the whole.

23. The rent payable on waste lands leased under these rules shall be paid to the same persons and in the same manner as the revenue payable from Noabad talukas. The last days of payment will be the same as those fixed for payment of Government revenue by zamindars in the Chittagong district.

24. Payment of the rent due on leases granted under these rules shall be enforced and arrears realized by the same process as in the case of Noabad talukas.

NOTICE

[Appendix A, referred to in Rule 5.]

Is hereby given that leases of such waste lands situated in mouza as may be applied for, and as are not included in, or required for inclusion in any other settlement, will be put up at auction to the highest bidder in lots of 50 acres or under, on the The leases will run till the end of the year 1897, but the lessee will acquire the right to the land in perpetuity, subject to resettlement after periods of twenty years. All persons wishing to obtain leases of any such lands of the said mouza are required to file applications in the office of the Settlement Officer, Chittagong, within one month from this day.

The applications must be in writing, on paper, bearing an eight-anna court-fee stamp as required by law, and must contain the following particulars:—

(1.) The name, father's name, and the residence of the applicant.

(2.) A specification of the area, situation, boundaries, and general description of the land applied for so far as they can be ascertained without a detailed survey.

years, from 12 B to B, and agree* to pay the revenue mentioned above during the aforesaid period, and hereby enter into this engagement with the

following conditions; and I declare the said engagement binding not only on myself, but also on my heirs, representatives, and assignees precisely as if it had been executed by them.

2. I will pay annually the aforesaid revenue to such person and at such place as the Collector may direct in accordance with the instalments therein set forth,—that is to say, from the first to the end of the fifth year Rs. , from the sixth to the end of the tenth year Rs. . At the end of the tenth year, or as soon after as the Collector may think proper, a measurement may be made, and the area then found under cultivation shall thenceforth be assessed at the said rate of an acre, the waste remaining at annas an acre. All sunn and gorjon kholas then found will also be thenceforth

assessed at fair rates. One similar measurement and adjustment of assessment may be made at any time after the expiration of the fifteenth year; and I will regularly pay the amount of assessment as so re-adjusted.

3. The title conveyed by this lease is heritable and transferable, provided however that I am not empowered to divide this lot or to transfer it except as a whole, or to create therein any undertenure beyond the term of lease, or on terms inconsistent with the terms thereof. No transfer shall be valid as against Government, but on the contrary be equivalent to a surrender of this lease, unless notice of the transfer be given by the transferee to the Collector within two months of the transfer.

4. If I create any undertenure, I will impose on the undertenant a condition that he shall not create any lower undertenure, but shall let the land to cultivating ryots only. Any undertenure which may be created by any person to whom I may sublet, shall be invalid and liable to be set aside.

5. I shall not raise any objection to the full and punctual payment of the said revenue on the score of inundation, drought, depredation by wild beasts, diluvion, desertion, death, or other accident affecting the value of the said land or the outturn thereof; and I shall have no claim to abatement of revenue on any such account.

6. On the occurrence of any arrear in the payment of revenue, the Collector may sell the lot by auction under the provisions of Act XI of 1859, or recover the amount due by issue of certificates under any law for the time being in force relating to the recovery of arrears of revenue or of other public demands.

7. I shall not interfere with any right of the villagers relating to grazing cattle and taking fuel. I shall not fell any of the following timbers growing on the lands of my settlement without the special permission of the Collector, nor shall I allow any other person to do so; and I have no power to sell them. Such trees are exclusively Government property:—

1. Jarool.	4. Shagoon.	7. Chowangiri.
2. Telsur.	5. Gurjun.	8. Chagaroshi.
3. Toon.	6. Chapalish.	9. Gamar.

8. I have no right to rivers, fisheries, and mines, which are all Government property. The Government also reserves to itself the right to all minerals on the lands, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

9. Beyond the fixed Government revenue and the things mentioned above, the Government shall have no claim to any profit which may accrue from the land included in this engagement during the currency of this engagement.

10. Any land covered by the lease which may at any time be required for a public purpose may be taken up by Government free of cost, a deduction being made in the amount of assessment payable under the lease proportional to the area so taken up, and compensation being made for the value of any improvement or property therein under the provisions of the law in force for the time being for the acquisition of land for public purposes.

11. I shall be at liberty to bring under cultivation waste lands covered by this engagement and to fix rent thereon.

12. [†] I will from time to time erect and repair the embankments, drainage channels, and outlets, in order to prevent the encroachment of any sea or river on the said lands, or the great accumulation of the water thereon. In case of my failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due on this lot.

[†] In the case of leases granted under rule 22. "I (or we) will, within years from the date of this lease, erect and thenceforward from time to time repair and renew such sufficient embankments, drainage channels, and outlets, as shall serve effectually to protect the said lands from any encroachment of any sea or river, or any great accumulation of water thereon. In case of my (or our) failure to do so, the Government may enter on the land and take up the repairs, and may recover the costs of the same with all incidental charges, as if the same were an arrear of revenue due on this lot.

9. I will not allow any thief, dacoit, proclaimed offender, or notable bad character to find refuge within the precincts of the said lands. I will promptly furnish all information which I am or may be required by law to give. I will aid the police in the apprehension of offenders.

18. For violation of any of the conditions of this engagement, the Government will be at liberty to annul this engagement, and thereupon I shall lose all right in the lot.

14. Unless I am evicted from the lot during the currency of the present settlement in accordance with the conditions of this agreement, I or my heirs or assigns shall be entitled, at the end of this term of settlement, to resettlement on such terms and for such period not being less than twenty years as may then be fixed by Government, but in case of my refusal to engage for the payment of the amount of revenue which Government may hereafter deem expedient to fix for the land included in this engagement, I shall be liable to ejectment from the land, and I having no proprietary right, shall not have any claim to malikanah.

NOTIFICATION.

The 31st May 1880.—Whereas it is provided by Section 74 of Act XII of 1875 (the Indian Ports' Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters' Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable, or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until revocation of such order in Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act: And whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 18th day of March 1880, making the Foreign Deserters' Act applicable to the Empire of Germany, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor directs the publication of the orders in Council in the *Calcutta Gazette*, for the information and guidance of the Magistrates within the Presidency of Bengal, as follow:—

AT THE COURT AT WINDSOR.

The 18th day of March 1880.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by the "Foreign Deserters' Act," 1852, it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of any foreign power, Her Majesty may, by Order in Council stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to a subject of such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient:

And whereas it hath been made to appear to Her Majesty that due facilities for recovering and apprehending seamen (not being German subjects), who desert from British merchant ships in the territories belonging to His Imperial Majesty the Emperor of Germany, will be given under an Agreement between the Governments of Great Britain and Germany signed at London on the 5th November 1879:

Now, therefore, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act," 1852, and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette* seamen, not being slaves (and not being British subjects), who desert from merchant ships belonging to subjects of the Emperor of Germany within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships; provided always, that if any such deserter has committed any crime in Her Majesty's dominions he may be detained until he has been tried by a competent Court, and until his sentence (if any) has been fully carried into effect.

And Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act," 1852, and by and with the advice of Her Privy Council, is further pleased to order and declare that, upon and after the publication hereof in the *London Gazette*, the Order in Council made, by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, so far as it relates to seamen who desert from merchant ships belonging to citizens of the Free Hanseatic Cities of Lubeck, Bremen, and Hamburg, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Prussia, made by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Oldenburg, made by virtue of the said Act, on the 18th day of June 1853, and published in the *London Gazette* on the 14th day of June 1853, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Mecklenburg-Schwerin, made, by virtue of the said Act, on the 9th day of March 1854, and published in the *London Gazette* on the 10th day of March 1854, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Hanover, made, by virtue of the said Act, on the 8th day of June 1854, and published in the *London Gazette* on the 13th day of June 1854, shall be revoked, and the same are hereby revoked accordingly.

And the Secretary of State for the Home Department, the Secretary of State for the Colonies, and the Secretary of State for India in Council, are to give the necessary directions herein accordingly.

H. J. REYNOLDS,
Secretary to the Government of Bengal.

NOTIFICATION.

The 25th May 1880.—The following declaration is published for general information, in supersession of that published at page 42 of the *Calcutta Gazette* of the 14th January 1880:—

DECLARATION.

Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of a road and wharf and for other improvements along the west or right bank of the River Hooghly, it is hereby declared that for the above purpose all the land situate between the high and low-water mark, and also a strip west of high-water mark 15'09 feet above the Kidderpore Dock sill, measuring, more or less, 7,000 feet in length and at an average width of 420 feet is required. The land is bounded as follows:—

On the north by the premises of the East Indian Railway Company, situate in the town of Howrah; on the south by the Seepore Ghat Road; on the east by low-water mark, that is to say, a line 2'50 feet above Kidderpore Dock sill; and on the west by the premises of Messrs. Stewart and Company, Messrs. King, Lockhead and Company, Messrs. Burn and Company, the properties of the 10 annas zamindars of pergunnah Buroe and the late Baboo Mutty Lall Seal, the premises of the Howrah and Ganges Jute Mills and of Messrs. Apear and Company, and others.

This declaration is made, under the provisions of Part II, Section 6, Act X of 1870, to all whom it may concern.

A plan of the land may be inspected in the office of the Deputy Collector for Railways at the Board of Revenue.

NOTIFICATION.

The 4th February 1880.—The Lieutenant-Governor is pleased to publish for general information the following Order in Council, and the Regulations appended thereto, for preventing collisions at sea, which will come into force on the 1st September 1880.

H. J. REYNOLDS,
Secy. to the Govt. of Bengal.

At the Court at Osborne House, Isle of Wight, the 14th day of August 1879.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the Regulations contained in the table marked C in the schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto or in substitution therefor; and that any alterations in, or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said schedule:

And whereas by the same Act it was further provided that whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C in the schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not; and it was further provided by the said Act that whenever an Order in Council had been issued applying any Regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships.

And whereas by an Order in Council made in pursuance of the said recited Act, and dated the ninth day of January one thousand eight hundred and sixty-three, Her Majesty was pleased to direct:—First, that the Regulations contained in the schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order;

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not:

And whereas by several Orders in Council subsequently made, Her Majesty was pleased to direct that the Regulations appended to the said Order of the ninth of January one thousand eight hundred and sixty-three, should apply to ships of the countries specified in the said Orders, whether within British jurisdiction or not:

And whereas by Order in Council, dated the thirtieth day of July one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the Regulations appended to the said first-recited Order in Council, for the purpose of explaining Articles 11 and 18 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles:

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty that the Regulations contained in the Order in Council dated the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled from the first day of September one thousand eight hundred and eighty, and that there shall be substituted for the said Regulations and additions respectively the new Regulations hereinafter set forth:

And whereas it has been made to appear to Her Majesty that the governments of the several foreign countries mentioned in the second schedule hereto are respectively willing that the Regulations contained in the first schedule hereto shall apply to ships of the said countries respectively, whether within British jurisdiction or not:

Now therefore Her Majesty, by virtue of the powers vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to direct:—

First, that on and after the first day of September one thousand eight hundred and eighty, the Regulations appended to the said Order in Council of the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled, and that there shall be substituted for the said Regulations and additions respectively the new Regulations contained in the first schedule hereto.

Second, that the said Regulations contained in the said first schedule hereto shall, from and after the first day of September one thousand eight hundred and eighty, apply to ships of the countries mentioned in the said second schedule hereto, whether within British jurisdiction or not.

C. L. PEARL

FIRST SCHEDULE.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA.

Preliminary.

ART. 1. In the following rules every steam-ship which is under sail and not under steam is to be considered a sailing ship; and every steam-ship which is under steam, whether under sail or not, is to be considered a ship under steam.

Rules Concerning Lights.

ART. 2. The lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, 9, 10, and 11, and no others, shall be carried in all weathers, from sunset to sunrise.

ART. 3. A sea-going steam-ship when under way shall carry—

- (a.) On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of the ship, viz. from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.
- (b.) On the starboard side, a green light so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d.) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 4. A steam-ship, when towing another ship, shall, in addition to her side lights carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position, as the white light which other steam-ships are required to carry.

ART. 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light, three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart: and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of, but not lower than, her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ART. 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ART. 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use: and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ART. 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than eight inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ART. 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the mast head visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ART. 10. (a)—Open fishing boats and other open boats when under way shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(b)—A fishing vessel and an open boat when at anchor shall exhibit a bright white light.

(c)—A fishing vessel when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.

(d)—A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red and the lower green, and shall also either carry the side lights required for other vessels, or if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (a) of this Article.

(e)—Fishing vessels and open boats shall not be prevented from using a flare-up in addition if they desire to do so.

(f)—The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.

(g)—All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.

ART. 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ART. 12. A steam-ship shall be provided with a steam whistle, or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows, that is to say—

(a)—A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.

(b)—A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(c)—A steam-ship and a sailing ship when not under way shall, at intervals of not more than two minutes, ring the bell.

Speed of Ships to be moderate in Fog, &c.

ART. 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or falling snow go at a moderate speed.

Seering and Sailing Rules.

ART. 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows, viz:—

(a)—A ship which is running free shall keep out of the way of a ship which is close-hauled.

(b)—A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.

(c)—When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.

(d)—When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.

(e)—A ship which has the wind aft shall keep out of the way of the other ship.

ART. 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on to the other, in other words, to cases in which by day each ship sees the mast of the other in a line, or nearly in a line, with her own; and by night, to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 16. If two ships under steam are crossing so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ART. 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ART. 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed, or stop and reverse if necessary.

ART. 19. In taking any course authorized or required by these Regulations a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz:—

One short blast to mean—"I am directing my course to starboard."

Two short blasts to mean—"I am directing my course to port."

Three short blasts to mean—"I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ART. 20. Notwithstanding anything contained in any preceding Article every ship, whether a sailing ship or steam-ship, overtaking any other, shall keep out of the way of the overtaken ship.

ART. 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fair way or midchannel which lies on the starboard side of such ship.

ART. 22. Where by the above rules one of two ships is to keep out of the way the other shall keep her course.

ART. 23. In obeying and construing these rules due regard shall be had to all dangers of navigation, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No ship under any circumstances to neglect proper precautions.

ART. 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

ART. 25. Nothing in these rules shall interfere with the operation of a special rule duly made by local authority relative to the navigation of any harbour, river, or inland navigation.

Special Lights for Squadrons and Convoys.

ART. 26. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war, or for ships sailing under convoy.

NOTICE TO MARINERS.

No. 7 of 1880.

INDIA—BAY OF BENGAL.

RIVER HOOGHLY.

Discontinuance of Exhibition of Maroons from the Light-vessels.

Notice is hereby given that the burning of Maroons from the light-ships of the River Hooghly will be discontinued after the 1st December 1880, and that these signals will then be burnt only from the Pilot brigs.

Also, that during the time the *Intermediate* Light-vessel is not on her station (i.e., from 1st December to 31st January), the Lower Gaspar Light-ship will, from sunset to sunrise, burn a blue light at the hour, in addition to the one now burnt at the half-hour.

These changes will not affect the order in which the blue lights or rockets are exhibited from the other light-ships.

NOTIFICATION.

The 31st May 1880.—Whereas it is provided by Section 71 of Act XII of 1875 (the Indian Ports' Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters' Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable, or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until revocation of such order by Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act: And whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 18th day of March 1880, making the Foreign Deserters' Act applicable to the Empire of Germany, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor directs the publication of the orders in Council in the *Calcutta Gazette*

for the information and guidance of the Magistrates within the Presidency of Bengal, to follow:—

AT THE COURT AT WINDSOR.

The 18th day of March 1880.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by the "Foreign Deserters' Act," 1852, it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of any foreign power, Her Majesty may, by Order in Council stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to a subject of such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient:

And whereas it hath been made to appear to Her Majesty that due facilities for recovering and apprehending seamen (not being German subjects), who desert from British merchant ships in the territories belonging to His Imperial Majesty the Emperor of Germany, will be given under an Agreement between the Governments of Great Britain and Germany signed at London on the 5th November 1879:

Now, therefore, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act," 1852, and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, seamen, not being slaves (and not being British subjects), who desert from merchant ships belonging to subjects of the Emperor of Germany within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships: provided always, that if any such deserter has committed any crime in Her Majesty's dominions he may be detained until he has been tried by a competent Court, and until his sentence (if any) has been fully carried into effect.

And Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters' Act," 1852, and by and with the advice of Her Privy Council, is further pleased to order and declare that, upon and after the publication hereof in the *London Gazette*, the Order in Council made, by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, so far as it relates to seamen who desert from merchant ships belonging to citizens of the Free Hanseatic Cities of Lubeck, Bremen, and Hamburg, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Prussia, made by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Oldeburg, made by virtue of the said Act, on the 13th day of June 1853, and published in the *London Gazette* on the 14th day of June 1853, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Mecklenburg-Schwerin, made, by virtue of the said Act, on the 9th day of March 1854, and published in the *London Gazette* on the 10th day of March 1854, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Hanover, made, by virtue of the said Act, on the 11th day of June 1854, and published in the *London Gazette* on the 13th day of June 1854, shall be revoked, and the same are hereby revoked accordingly.

And the Secretary of State for the Home Department, the Secretary of State for the Colonies, and the Secretary of State for India in Council, are to give the necessary directions herein accordingly.

ESTABLISHMENT

The 8th June 1880.

No. 106.—*Notification.*—The following notification by the Government of India in the Public Works Department is republished for information:—

“ No. 169, dated 4th June 1880.—By the Government of India, Public Works Department, No. 1174G, dated Simla, the 4th June 1880.

“ Read again.—

“ Resolution in the Public Works Department, No. 303G, dated 30th January 1880.

“ *Resolution.*—In the Resolution now read again, it was decided to abolish temporary promotions in the Engineer Establishment from grade to grade within a class. These promotions involved no change of duty or increase of responsibility. The sole object of their being made was the improvement of the pay of officers. But in practice it has been found impossible in some administrations to regulate their publication and rectification with promptitude, and cases have occurred in which officers have been called upon to refund large sums of money. These and other objections render the abolition of temporary promotion imperative, except from class to class.

“ In sanctioning the measure, however, it was not the intention of the Governor-General in Council to retard promotion permanently or to injure the pecuniary prospects of the officers affected. In order, therefore, to restore promotion to the former standard, but on a more satisfactory basis, the Governor-General in Council is pleased to decide, subject to the approval of the Secretary of State, that an addition shall be made to the permanent number of officers in each of the higher grades of Executive Engineers and the First Grade of Assistant Engineers, so as to allow of the promotion of a number of officers from the junior grades of those classes corresponding to the normal number of officers on furlough. The numbers to be added in the several lists to the grades indicated will be published in a separate order.

“ *Order.*—Ordered that this resolution be published in the *Gazette of India* for general information.

Asst. Secretary to the Government of Bengal,

IRRIGATION.

Dated 7th June 1880.

DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

No. 76. **Notification.**—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Orissa Canals.

II. C. LEVINGE,

Jt.-Secy. to the Govt. of Bengal,
P. W. Dept., Irrigation Branch.

RULES UNDER ACT III (B.C.) OF 1876.

PART I.

Of Supply.

Rule 1.—Canal water will be supplied on written applications at the rates and on the conditions to be hereafter stated. (Section 74, Act III of 1876.)

Rule 2.—All applications must be made in forms which may be obtained free of cost at the Canal Revenue Offices. (Appendices A and B.)

Rule 3.—Applications for water will be received by the Deputy Revenue Superintendents or their duly authorized subordinates at the various revenue and branch circle offices.

Rule 4.—Any Deputy Superintendent may refuse an application if he thinks it would not be in the interest of Government to comply with it. His discretion will be vested in the Deputy Superintendents only. Other canal revenue officers authorized to receive applications must refer for all doubtful cases to the Deputy Superintendent in charge of their respective circles.

PART II.

Rates and Conditions of Supply.

Rule 5.—The rates chargeable per acre for the several descriptions of crops have been fixed up to the end of November 1882, and are as follows:—

Crop.	Flow.	Lift.
First Rice.	Rs. A. R.	Rs. A. P.
on the whole irrigable and rice cultivated area of any village if applied for up to expiration of sanctioned rates	... 1 8 0	1 0 0
or any fractional area of any village or for other term...	3 0 0	2 0 0
<i>Second Rice.</i>		
or dry-weather or rubber crops for jhalwa rice	... 1 8 0	1 0 0
or cotton, tobacco, baldi, ginger, wheat, vegetables, indigo, and all garden produce	2 0 0	1 8 0
or linseed, oilseed, oil, and all pulses	1 0 0	0 10 0
<i>Third Rice.</i>		
sugarcane	... 6 0 0	4 0 0
<i>Fourth Rice.</i>		
filling tanks	Re 1 per 1,000 cubic feet.	

Rule 6.—Applications for water for the irrigation of rice crops at Rs. 1-8 per acre "flow" and Re. 1 "lift" must be signed by all the cultivators holding rice culturable and irrigable lands in the villages mentioned in the applications, and the names of the villages adjoining that in respect of which the application is made must be specified at the back of the applications.

Rule 7.—Applications for water at Rs. 3 "flow" and Rs. 2 "lift" irrigation must be signed by all those cultivating in the specific portion of the villages applied for. At the back of such applications should be entered the names and boundaries of the chaks or plots for which water is required.

Rule 8.—The provisions of Rule 7 will apply to all applications for water for sugarcane and dry-weather crops.

Rule 9.—Applications under Rules 6, 7, and 9 will not be deemed complete until all the signatures of intending irrigators have been obtained, and water may be refused by the Deputy Superintendent until all the signatures shall have been obtained. Those who cannot write must affix their marks.

Rule 10.—All applicants should have distinctly explained to them the terms of the agreement at the head of their applications. The assessments made will be on the areas actually irrigable or irrigated and cultivated by applicants, and not on the areas as stated by them.

Rule 11.—Separate applications must be given in respect of each description of crop mentioned in the statement attached to Rule 5.

Rule 12.—The Deputy Superintendent may refuse to comply with the application of any village from the cultivators of which any arrears of water-rates are due, until such time as the arrears are paid.

PART III.

Of the Procedure for the Disposal of Applications for Water.

Rule 13.—On receipt of an application for water it should be dated and initialled by the receiving officer and entered in the register of applications (Register No. I). The officer receiving it, or his duly authorized subordinate, will then proceed to ascertain by local enquiry and the aid of survey maps, or by actual measurement, the following particulars regarding the lands mentioned in the applications:—

- (1) Whether canal supply can be given.
- (2) Whether the particulars as to areas and boundaries as given in the application are correct.
- (3) Whether, with reference to the situation of the lands and areas applied for, it is to the interest of Government to comply with the application.

Rule 14.—After ascertaining by survey maps or actual measurement, and recording on the application the areas being or to be irrigated, the enquiring officer shall prepare a permit to supply water in the form prescribed in Appendix C for despatch to the supplying officer. A copy of the permit may, if wished, be made over to the applicants.

Rule 15.—Should the enquiring officer be of opinion that the areas applied for cannot be irrigated, or that the application should not for other reasons be sanctioned, he will submit his report with all the papers of the case for the orders of the Deputy Superintendent.

Rule 16.—It shall be at the discretion of the Deputy Superintendent to grant supply of water to any village or villages for which applications for water may have been received without waiting for the completion of any local enquiry or measurement.

Rule 17.—The manner in which any application may be finally disposed of should be briefly stated in the column of remarks in Register No. I.

Rule 18.—When an application for water has been finally disposed of, either by an order to supply water or otherwise, it should be forwarded to the head office, where it will be registered in detail in the register of leases (Register No. II).

PART IV.

Of Water Distribution to Applicants.

Rule 19.—Village channels have been constructed and are maintained by Government for the purpose of leading water to some convenient point or points within the boundaries of certain villages; and wherever such channels exist, canal water shall, if possible, be supplied from them to all applicants by the Superintending Engineer, his Executive Engineers, and their subordinates.

Rule 20.—Where no village channels exist from which supply can be given, applicants shall be directed to construct such village channels as may be required to irrigate their areas, and supply may be withheld until proper channels are made.

Rule 21.—Canal officers shall give every assistance to applicants in laying out and aligning village channels, and every effort must be made to induce villagers to construct their own channels.

Rule 22.—The complete control and custody of all irrigation sluices shall rest in the Superintending Engineer and the Executive Engineers subordinate to him; but it shall be competent to either of these officers, by an order in writing, to transfer the control and custody of any sluice to any person deemed fit to take charge thereof.

Rule 23.—All questions as to priority of right to take water, and all disputes regarding the quantity and regulation of supply, shall be determined by the Executive Engineer. It shall further be competent to this officer, at his discretion, to close entirely such channels and outlets as he may deem expedient to ensure proper rotation of supply to all applicants, and no claims for compensation for such closure shall lie.

Rule 24.—Applicants whose applications may have been sanctioned shall as far as possible be supplied at any time during the growth of the crop mentioned in their applications: but no applicant for water for a rice crop can claim a full supply before the 15th of June.

Rule 25.—Cultivators shall embank the field to which water is supplied, so that the water shall not run to waste or flow unnecessarily on land not entitled to irrigation.

Rule 26.—Where water is appropriated in an unauthorized manner, by cutting canal, distributary or village channel banks, or by opening sluices or shoots fixed in such banks, or by cutting or neglecting to keep in repair the boundaries of fields to which water is supplied, and the person by whose act or neglect such appropriation has ensued cannot be identified, all lands deriving benefit shall be liable to twice the ordinary charge or such other charge, not being less than the ordinary rate, as the Deputy Superintendent of Canal Revenue may determine.

PART V.

Of Realization of Water-rates.

Rule 27.—Any person appointed as a Collector under section 82 of the Act shall receive sunnuds of appointment in Form D for every village from which he agrees to collect, and will be entitled to receive commission at the rate of 5 per cent. on all sums paid by him to Government on or before such dates as may be stated in his sunnuds of appointment. The person appointed Collector shall usually be nominee of the cultivators from whom water-rates are due. No person appointed as Collector of water-rate shall be entitled to claim his commission until he has submitted such accounts as the Deputy Superintendent may prescribe.

Rule 28.—The Deputy Superintendent shall be at liberty to cancel any sunnud of appointment to collect, whenever such course appears advisable in the interest of Government or of the cultivators.

Rule 29.—Where no Collectors of water-rates are appointed, realizations will be made by Canal Revenue Officers in charge of circuits or by their authorized subordinates. The instructions embodied in Appendix E regarding collections must be read as part and parcel of these rules, and must be adhered to by all canal revenue subordinates.

Rule 30.—Demand statements of the water-rates due from each village will be issued by the Canal Revenue Office at least two months before such water-rates fall due. All demand statements will contain the names and residence of the cultivators from whom water-rates are due, the areas on which rates are payable, the amounts due from each ryot. Demand statements shall be served on the Collector, or if Collector has been appointed, on some one of the principal applicants. General notice of service shall be posted on some conspicuous place of each village, and shall specify dates of payment.

Rule 31.—The dates of payment of water-rates for the different crops shall be as follow:—

For rice	...	1st February
" sugarcane	...	1st June
" dalwa and other dry-weather crops	...	1st August

All payments of water-rates shall be paid in one instalment.

PART VI.

Rule 32.—All objections and claims for remission shall be made to the Deputy Superintendent.

Rule 33.—Remissions of water-rates will be granted in whole or in part by the Deputy Superintendent on the following grounds:—

- (1) The total failure of supply.
- (2) Damage to crops caused by deficiency or delay in the supply of water, in consequence of some act or omission on the part of the supplying officer, and independent of any act or omission on the part of the applicants.
- (3) Damage caused by excess water under above restrictions.
- (4) Where it can be shown that no crop was grown as originally intended. Provided that no claim for remission shall be allowed unless made while the crops alleged to have been damaged are on the ground.

Rule 34.—Special cases for remission not coming under the above heads shall be reported to the Collector for orders.

Rule 35.—All orders passed on claims for remission shall be duly communicated to the parties concerned.

PART VII.

Of Miscellaneous Sources of Revenue.

Rule 36.—Written applications must be given on plain paper to the Deputy Superintendent or to his duly authorized subordinate by any person wishing to cultivate Government canal lands, catch fish, or farm or purchase any miscellaneous source of canal revenue. The rules and procedure for dealing with these applications

will be the same as those for dealing with applications for water, except that after necessary enquiry the applicant shall, if his demand be complied with, be called on to execute a kabootyut, a patta being made over to him.

Rule 37.—Leases for miscellaneous sources of revenue shall usually run for three or five years, at the discretion of the Deputy Superintendent; but all payments thereon shall be annual and payable on the 1st of June.

Rule 38.—A separate register (Register No. III) shall be maintained of all miscellaneous leases.

PART VIII.

Of Registers to be maintained under these Rules.

Rule 39.—The following registers shall be maintained by the Deputy Revenue Superintendent:—

- Register No. I.—Register of applications.
- Do. No. II.—Do. of water-rate leases (in head office only).
- Register No. III.—Register of miscellaneous leases.
- Register No. IV.—Daily cash-book.
- Do. No. V.—Register of applications for remissions.
- Register No. VI.—Register of persons appointed Collector under section 82.
- Register No. VII.—Register of unauthorized irrigation.

Rule 40.—Register of all village channels shall be maintained by the Executive Engineers in such form as the Superintending Engineer may direct, and lists of all such registered village channels shall from time to time be supplied to the Deputy Superintendent.

FORM D.

Agreement to be taken from, and Sunnud given to, the person appointed under Part F, Rule 27.

AGREEMENT NO.

SUNNUD NO.

I, A. B., of village , pergunnah , having on the nomination of the lessees been appointed by the Deputy Revenue Superintendent, under section 82, Act III of 1876, to collect the sum of Rs. on account of water-rates due on lease No. as specified therein, do hereby engage and promise as follows:—

1. I will not collect or take from any of the lessees any sum whatever over and above that specified in the lease without written authority from the Deputy Revenue Superintendent.

2. For every sum paid to me by any lessee, I will, at the time of payment, grant a receipt in such form as may be prescribed by the Deputy Revenue Superintendent, and I will duly make over to the Deputy Revenue Superintendent or other duly authorized officer every sum received by me from every lessee.

3. On the day of , corresponding to (Uryah date), I will pay in to the Deputy Revenue Superintendent or other duly authorized officer the whole sum collected by me from the lessees, and if such sum be not the full amount due on the lease, my sunnud may be cancelled by the Deputy Revenue Superintendent. I will also give up the counterfoils of my receipt book, together with an account showing the total sum collected from, and the balance still due from, each ryot.

4. I shall be entitled to receive a commission of 5 per cent. on the total sum collected and paid in by me on or before the day of in full of the demand of each ryot, and shall not be entitled to any further remuneration whatever.

5. For a breach of any of the above conditions I will forfeit to the Secretary of State a sum not exceeding Rs. 500.

(Sd.) A. B.

You are hereby appointed under section 82 of Act III (B.C.) of 1876 to collect the sums due on lease No. , in accordance with the terms of the agreement given by you, and which are detailed below:—

1. I will not collect or take from any of the lessees any sum whatever over and above that specified in the lease without written authority from the Deputy Revenue Superintendent.

2. For every sum paid to me by any lessee I will, at the time of payment, grant a receipt in such form as may be prescribed by the Deputy Revenue Superintendent, and I will duly make over to the Deputy Revenue Superintendent or other duly authorized officer every sum received by me from every lessee.

3. On the day of , corresponding to (Uryah date), I will pay in to the Deputy Revenue Superintendent or other duly authorized officer the whole sum collected by me from the lessees, and if such sum be not the full amount due on the lease, my sunnud may be cancelled by the Deputy Revenue Superintendent. I will also give up the counterfoils of my receipt book, together with an account showing the total sum collected from, and the balance still due from, each ryot.

4. I shall be entitled to receive a commission of 5 per cent. on the total sum collected and paid in by me on or before the day of in full of the demand of each ryot, and shall not be entitled to any further remuneration whatever.

5. For a breach of any of the above conditions I will forfeit to the Secretary of State a sum not exceeding Rs. 500.

Deputy Revenue Superintendent.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs:—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form:—

	Demands.	Rs. A. P.
Total demand in No. II	{ Previous balance
Register	{ Current month's assessment
Total demand in No. III	{ Previous balance
Register	{ Current month's assessment

		— — —

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted:—

- (a) The tehsildar or officer in charge of the circle will remain at head-quarters.
- (b) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

1877-78.	Rs. A. P.
Water-rates	50 0 0
Miscellaneous	50 0 0
Total	100 0 0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form:—

- (1) Dates between which collections noted in the "siha" were made.
- (2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
 (4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
 (5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "sahy."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and moharir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, auncen's, and mohurir's "sahas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.

NOTICE TO MARINERS.

No. 7 of 1880.

INDIA—BAY OF BENGAL.

RIVER HOOGHLY.

Discontinuance of Exhibition of Maroons from the Light-vessels.

Notice is hereby given that the burning of Maroons from the light-ships of the River Hooghly will be discontinued after the 1st December 1880, and that these signals will then be burnt only from the Pilot brigs.

Also, that during the time the *Intermediate* Light-vessel is not on her station (i. e., from 1st December to 31st January), the Lower Gaspar Light-ship will, from sunset to sunrise, burn a blue light at the hour, in addition to the one now burnt at the half-hour.

These changes will not affect the order in which the blue lights or rockets are exhibited from the other light-ships.

NOTIFICATION.

The 31st May 1880.—Whereas it is provided by Section 74 of Act XII of 1875 (the Indian Ports Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters Act, 1852, has, by an order of Her Majesty in Council, been, or shall hereafter be, declared to be applicable, or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until revocation of such order in Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act: And whereas Her Majesty in Council has been pleased to issue orders in Council, dated the 18th day of March 1880, making the Foreign Deserters Act applicable to the Empire of Germany, and the Governor-General in Council has been pleased to direct the publication of the orders, the Lieutenant-Governor directs the publication of the orders in Council in the *Calcutta Gazette* for the information and guidance of the Magistrates within the Presidency of Bengal, as follow:—

AT THE COURT AT WINDSOR.

The 18th day of March 1880.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by the "Foreign Deserters Act," 1852, it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of any foreign power, Her Majesty may, by Order in Council stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to a subject of such Power when within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient:

And whereas it hath been made to appear to Her Majesty that due facilities for recovering and apprehending seamen (not being German subjects), who desert from British merchant ships in the territories belonging to His Imperial Majesty the Emperor of Germany, will be given under an Agreement between the Governments of Great Britain and Germany, signed at London on the 5th November 1879:

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said "Foreign Deserters Act," 1852, and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the *London Gazette*, seamen, not being slaves (and not being British subjects), who desert from merchant ships belonging to subjects of the Emperor of Germany within Her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships; provided always, that if any such deserter has committed any crime in Her Majesty's dominions he may be detained until he has been tried by a competent Court, and until his sentence (if any) has been fully carried into effect.

And Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters Act," 1852, and by and with the advice of Her Privy Council, is further pleased to order and declare that, upon and after the publication hereof in the *London Gazette*, the Order in Council made, by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, so far as it relates to seamen who desert from merchant ships belonging to citizens of the Free Hanseatic Cities of Lubeck, Bremen, and Hamburg, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Prussia, made by virtue of the said Act, on the 16th day of October 1852, and published in the *London Gazette* on the 26th day of October 1852, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Oldenburg, made by virtue of the said Act, on the 18th day of June 1853, and published in the *London Gazette* on the 14th day of June 1853, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the Grand Duke of Mecklenburg-Schwerin, made, by virtue of the said Act, on the 9th day of March 1854, and published in the *London Gazette* on the 10th day of March 1854, and the Order in Council relating to seamen who desert from the merchant ships belonging to subjects of the King of Hanover, made, by virtue of the said Act, on the 8th day of June 1854, and published in the *London Gazette* on the 13th day of June 1854, shall be revoked, and the same are hereby revoked accordingly.

And the Secretary of State for the Home Department, the Secretary of State for the Colonies, and the Secretary of State for India in Council, are to give the necessary directions herein accordingly.

IRRIGATION.

Dated 7th June 1880.

DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

No. 76. *Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Honourable the Lieutenant-Governor is pleased to direct the publication of the following rules for the Orissa Canals.

H. C. LEVINGE,

Jt.-Secy. to the Govt. of Bengal,
P. W. Dept., Irrigation Branch.

RULES UNDER ACT III (B.C.) OF 1876.

PART I.

Of Supply.

Rule 1.—Canal water will be supplied on written applications at the rates and on the conditions to be hereafter stated. (Section 74, Act III of 1876.)

Rule 2.—All applications must be made in forms which may be obtained free of cost at the Canal Revenue Offices. (Appendices A and B.)

Rule 3.—Applications for water will be received by the Deputy Revenue Superintendents or their duly authorized subordinates at the various head and branch circle offices.

Rule 4.—Any Deputy Superintendent may refuse an application if he thinks it would not be in the interest of Government to comply with it. His discretion will be vested in the Deputy Superintendents only. Other canal revenue officers authorized to receive applications must refer for all doubtful cases to the Deputy Superintendent in charge of their respective circles.

PART II.

Rates and Conditions of Supply.

Rule 5.—The rates chargeable per acre for the different descriptions of crops have been fixed up to the end of November 1882, and are as follows:—

Crop:	Flow.	Lift.
First Rice.	Rs. A. P.	Rs. A. P.
For the whole irrigable and rice cultivated area of any village if applied for up to expiration of sanctioned rates ...	1 8 0	1 0 0
For any fractional area of any village or for other term ...	3 0 0	2 0 0
<i>Second Rice.</i>		
For dry-weather or rubree crops for daiwa rice ...	1 8 0	1 0 0
For cotton, tobacco, baldi, ginger, wheat, vegetables, indigo, and all garden produce ...	2 0 0	1 8 0
For linseed, oilseed, dal, and all pulses ...	1 0 0	0 10 0
<i>Third Rice.</i>		
For sugarcane ...	6 0 0	4 0 0
<i>Fourth Rice.</i>		
For filling tanks Re 1 per 1,000 cubic feet.		

Rule 6.—Applications for water for the irrigation of rice crops at Rs. 1-8 per acre "flow" and Re. 1 "lift" must be signed by all the cultivators holding rice culturable and irrigable lands in the villages mentioned in the applications, and the names of the villages adjoining that in respect of which the application is made must be specified at the back of the applications.

Rule 7.—Applications for water at Rs. 3 "flow" and Rs. 2 "lift" irrigation must be signed by all those cultivating in the specific portion of the villages applied for. At the back of such applications should be entered the names and boundaries of the *chaks* or plots for which water is required.

Rule 8.—The provisions of Rule 7 will apply to all applications for water for sugarcane and dry-weather crops.

Rule 9.—Applications under Rules 6, 7, and 9 will not be deemed complete until all the signatures of intending irrigators have been obtained, and water may be refused by the Deputy Superintendent until all the signatures shall have been obtained. Those who cannot write must affix their marks.

Rule 10.—All applicants should have distinctly explained to them the terms of the agreement at the head of their applications. The assessments made will be on the areas actually irrigable or irrigated and cultivated by applicants, and not on the areas as stated by them.

Rule 11.—Separate applications must be given in respect of each description of crop mentioned in the statement attached to Rule 5.

Rule 12.—The Deputy Superintendent may refuse to comply with the application of any village from the cultivators of which any arrears of water-rates are due, until such time as the arrears are paid.

PART III.

Of the Procedure for the Disposal of Applications for Water.

Rule 13.—On receipt of an application for water it should be dated and initialled by the receiving officer and entered in the register of applications (Register No. I). The officer receiving it, or his duly authorized subordinate, will then proceed to ascertain by local enquiry and the aid of survey maps, or by actual measurement, the following particulars regarding the lands mentioned in the applications:—

- (1) Whether canal supply can be given.
- (2) Whether the particulars as to areas and boundaries as given in the application are correct.
- (3) Whether, with reference to the situation of the lands and areas applied for, it is to the interest of Government to comply with the application.

Rule 14.—After ascertaining by survey maps or actual measurement, and recording on the application the areas being or to be irrigated, the enquiring officer shall prepare a permit to supply water in the form prescribed in Appendix C for despatch to the supplying officer. A copy of the permit may, if wished, be made over to the applicants.

Rule 15.—Should the enquiring officer be of opinion that the areas applied for cannot be irrigated, or that the application should not for other reasons be sanctioned, he will submit his report with all the papers of the case for the orders of the Deputy Superintendent.

Rule 16.—It shall be at the discretion of the Deputy Superintendent to grant supply of water to any village or villages for which applications for water may have been received without waiting for the completion of any local enquiry or measurement.

Rule 17.—The manner in which any application may be finally disposed of should be briefly stated in the column of remarks in Register No. I.

Rule 18.—When an application for water has been finally disposed of, either by an order to supply water or otherwise, it should be forwarded to the head office, where it will be registered in detail in the register of leases (Register No. II).

PART IV.

Of Water Distribution to Applicants.

Rule 19.—Village channels have been constructed and are maintained by Government for the purpose of leading water to some convenient point or points within the boundaries of certain villages; and wherever such channels exist, canal water shall, if possible, be supplied from them to all applicants by the Superintending Engineer, his Executive Engineers, and their subordinates.

Rule 20.—Where no village channels exist from which supply can be given, applicants shall be directed to construct such village channels as may be required to irrigate their areas, and supply may be withheld until proper channels are made.

Rule 21.—Canal officers shall give every assistance to applicants in laying out and aligning village channels, and every effort must be made to induce villagers to construct their own channels.

Rule 22.—The complete control and custody of all irrigation sluices shall rest in the Superintending Engineer and the Executive Engineers subordinate to him; but it shall be competent to either of these officers, by an order in writing, to transfer the control and custody of any sluice to any person deemed fit to take charge thereof.

Rule 23.—All questions as to priority of right to take water, and all disputes regarding the quantity and regulation of supply, shall be determined by the Executive Engineer. It shall further be competent to this officer, at his discretion, to close entirely such channels and outlets as he may deem expedient to ensure proper rotation of supply to all applicants, and no claims for compensation for such closure shall lie.

Rule 24.—Applicants whose applications may have been sanctioned shall as far as possible be supplied at any time during the growth of the crop mentioned in their applications: but no applicant for water for a rice crop can claim a full supply before the 15th of June.

Rule 25.—Cultivators shall embank the land to which water is supplied, so that the water shall not run to waste or flow unnecessarily on land not entitled to irrigation.

Rule 26.—Where water is appropriated in an unauthorized manner, by cutting canal, distributary, or village channel banks, or by opening sluices or shoots fixed in such banks, or by cutting or neglecting to keep in repair the boundaries of fields to which water is supplied, and the person by whose act or neglect such appropriation has ensued cannot be identified, all lands deriving benefit shall be liable to twice the ordinary charge or such other charge, not being less than the ordinary rate, as the Deputy Superintendent or Canal Revenue may determine.

PART V.

Of Realization of Water-rates.

Rule 27.—Any person appointed as a Collector under section 82 of the Act shall receive sunnuds of appointment in Form D for the village from which he agrees to collect and will be entitled to receive commission at the rate of 5 per cent. on all suras paid by him to Government on or before such dates as may be stated in his sunnuds of appointment. The person appointed Collector shall usually be a nominee of the cultivators from whom water-rates are due. No person appointed as Collector of water-rate shall be entitled to claim his commission until he has submitted such accounts as the Deputy Superintendent may prescribe.

Rule 28.—The Deputy Superintendent shall be at liberty to cancel any sunnud of appointment to collect, whenever such course appears advisable in the interest of Government or of the cultivators.

Rule 29.—Where no Collectors of water-rates are appointed, realizations will be made by the Canal Revenue Officers in charge of circles and by their authorized subordinates. The instructions embodied in Appendix E regarding collections must be read as part and parcel of these rules, and must be adhered to by all canal revenue subordinates.

Rule 30.—Demand statements of the water-rates due from each village will be issued from the Canal Revenue Office at least two months before such water-rates fall due. All demand statements will contain the names and residence of the cultivators from whom water-rates are due, the areas on which rates are payable, and amounts due from each ryot. Demand statements shall be served on the Collector, or if a Collector has been appointed, on some one of the principal applicants. General notice of service shall be posted on some conspicuous part of each village, and shall specify dates of payment.

Rule 31.—The dates of payment of water-rates for the different crops shall be as follows:—

For rice	1st February
“ sugarcane	1st June
“ dalwa and other dry-weather crops	1st August

All payments of water-rates shall be paid in one instalment.

PART VI.

Rule 32.—All objections and claims for remission shall be made to the Deputy Superintendent.

Rule 33.—Remissions of water-rates will be granted in whole or in part by the Deputy Superintendent on the following grounds:—

- (1) The total failure of supply.
- (2) Damage to crops caused by deficiency or delay in the supply of water, in consequence of some act or omission on the part of the supplying officer, and independent of any act or omission on the part of the applicants.
- (3) Damage caused by excess water under above restrictions.
- (4) Where it can be shown that no crop was grown as originally intended. Provided that no claim for remission shall be allowed unless made while the crops alleged to have been damaged are on the ground.

Rule 34.—Special cases for remission not coming under the above heads shall be reported to the Collector for orders.

Rule 35.—All orders passed on claims for remission shall be duly communicated to the parties concerned.

PART VII.

Of Miscellaneous Sources of Revenue.

Rule 36.—Written applications must be given on plain paper to the Deputy Superintendent or to his duly authorized subordinate by any person wishing to cultivate Government canal lands, catch fish, or farm or purchase any miscellaneous source of canal revenue. The rules and procedure for dealing with these applications

will be the same as those for dealing with applications for water, except that after necessary enquiry the applicant shall, if his demand be complied with, be called on to execute a kabooliyat, a *pattah* being made over to him.

Rule 37.—Leases for miscellaneous sources of revenue shall usually run for three or five years, at the discretion of the Deputy Superintendent; but all payments thereon shall be annual and payable on the 1st of June.

Rule 38.—A separate register (Register No. III) shall be maintained of all miscellaneous leases.

PART VIII.

Of Registers to be maintained under these Rules.

Rule 39.—The following registers shall be maintained by the Deputy Revenue Superintendent:—

Register No. I.—Register of applications.
Do. No. II.—Do. of water-rate leases (in head office only).

Register No. III.—Register of miscellaneous leases.

Register No. IV.—Daily cash-book.

Do. No. V.—Register of applications for remissions.

Register No. VI.—Register of persons appointed Collector under section 82.

Register No. VII.—Register of unauthorized irrigation.

Rule 40.—Register of all village channels shall be maintained by the Executive Engineers in such form as the Superintending Engineer may direct, and lists of all such registered village channels shall from time to time be supplied to the Deputy Superintendent.

FORM D.

Agreement to be taken from, and Sunnud given to, the person appointed under Part V, Rule 27.

AGREEMENT NO.

SUNNUD NO.

I, A. B., of village , pergannah , having on the nomination of the lessees been appointed by the Deputy Revenue Superintendent, under section 82, Act III of 1876, to collect the sum of Rs. on account of water-rates due on lease No. as specified therein, do hereby engage and promise as follows:—

1. I will not collect or take from any of the lessees any sum whatever over and above that specified in the lease without written authority from the Deputy Revenue Superintendent.

2. For every sum paid to me by any lessee, I will, at the time of payment, grant a receipt in such form as may be prescribed by the Deputy Revenue Superintendent, and I will duly make over to the Deputy Revenue Superintendent or other duly authorized officer every sum received by me from every lessee.

3. On the day of , corresponding to (Uryah date), I will pay in to the Deputy Revenue Superintendent or other duly authorized officer the whole sum collected by me from the lessees, and if such sum be not the full amount due on the lease, my sunnud may be cancelled by the Deputy Revenue Superintendent. I will also give up the counterfeits of my receipt book, together with an account showing the total sum collected from, and the balance still due from, each ryot.

4. I shall be entitled to receive a commission of 5 per cent. on the total sum collected and paid in by me on or before the day of in full of the demand of each ryot, and shall not be entitled to any further remuneration whatever.

5. For a breach of any of the above conditions I will forfeit to the Secretary of State a sum not exceeding Rs. 500.

(Sd.) A. B.

You are hereby appointed under section 82 of Act III (B.C.) of 1876 to collect the sums due on lease No. in accordance with the terms of the agreement given by you, and which are detailed below:—

1. I will not collect or take from any of the lessees any sum whatever over and above that specified in the lease without written authority from the Deputy Revenue Superintendent.

2. For every sum paid to me by any lessee I will, at the time of payment, grant a receipt in such form as may be prescribed by the Deputy Revenue Superintendent, and I will duly make over to the Deputy Revenue Superintendent or other duly authorized officer every sum received by me from every lessee.

3. On the day of , corresponding to (Uryah date), I will pay in to the Deputy Revenue Superintendent or other duly authorized officer the whole sum collected by me from the lessees, and if such sum be not the full amount due on the lease, my sunnud may be cancelled by the Deputy Revenue Superintendent. I will also give up the counterfeits of my receipt book, together with an account showing the total sum collected from, and the balance still due from, each ryot.

4. I shall be entitled to receive a commission of 5 per cent. on the total sum collected and paid in by me on or before the day of in full of the demand of each ryot, and shall not be entitled to any further remuneration whatever.

5. For a breach of any of the above conditions I will forfeit to the Secretary of State a sum not exceeding Rs. 500.

Deputy Revenue Superintendent.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs :—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form :—

	Demands.	Rs. A. P.

Balance outstanding
		—

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted :—

- (a) The tehsildar or officer in charge of the circle will remain at head-quarters.
- (b) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

1877-78.	Rs. A. P.
Water-rates 50 0 0
Miscellaneous 50 0 0
	Total ... 100 0 0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form :—

- (1) Dates between which collections noted in the "siha" were made.
- (2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
 (4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
 (5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "siha."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and mohurir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

and firmly himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, ameen's, and mohurir's "sihas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.

HIGH COURT NOTICES.

Circular Order issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 21, dated the 14th May 1880.

The High Court of Judicature is pleased to circulate, for the information and guidance of all District Judges and their subordinates, the accompanying copy of a Resolution of the Lieutenant-Governor of Bengal, from which it will be seen that His Honor has determined on the definitive introduction of the Nagri character into all Courts in the Patna Division and parts of the Bhagalpore Division.

2. District Judges and all persons affected by this order are reminded that, so long ago as September 1875,* distinct warning was given that Circular Order No. 12, dated 11th September 1875.

such alteration was intended, and that all ministerial officers were required to make themselves conversant with the Nagri character. Those who have neglected to do so will have to take the consequences of their default.

3. Detailed instructions on any points which require them will in due time be issued, and the Court will take steps for the promulgation and supply of all necessary forms, registers, and the like in the Nagri character.

Resolution by the Government of Bengal, General (Miscellaneous) Department,—dated the 13th April 1880.

Letter No. 12609, dated 6th September 1879, from the Inspector-General of Police, and No. 81J, dated 12th March 1880, from the Commissioner of Patna.

This subject has been under discussion for the last seven years, but the orders issued by Government appear to have been practically ignored. The orders of the 2nd April 1874 and 9th July 1875, which reiterated previous orders for the use of Hindi and the Nagri character in the courts and offices of the Patna, Bhagalpore, and Chota Nagpore Divisions, directed that all processes, notifications, and proclamations should be made in Hindi; that official records should be kept in Hindi; that petitions should be received, at the option of the presenters, in the Hindi or Urdu character; and that a knowledge of the Hindi character should be insisted on in the case of Police and Ministerial officers. The Inspector-General of Police has lately brought to the notice of the Lieutenant-Governor that the *Bihar Police Gazette* is practically useless to the officers of his department, because few Police officers can read fluently the Nagri character in which it is printed. The Commissioner of Patna has also reported that the orders for the introduction of Hindi have remained a dead letter, except in his own office and in the Madhubani sub-division; that petitions are almost invariably written in Urdu; that vernacular orders to the police and police diaries and

registers are almost invariably written in Urdu ; that the registers in the collectorate and soudari are also generally written in Urdu ; and that the orders have been so far disregarded that in some courts Hindi printed forms of notices, &c., are filled up in Urdu, instead of in Kaithi.

2. It is evident, from the Commissioner's report, that no real advance has been made in giving effect to the wishes of Government in this matter ; and the Lieutenant-Governor has come to the conclusion that the change so long enjoined by Government will never be thoroughly introduced until Nagri (or Kaithi) is made the character for *exclusive* use in official documents in Behar. He accordingly directs that this character shall be exclusively used from the 1st January 1881 throughout the Patna Division, and in such districts of the Bhagalpore Division as may hereafter be notified ; and that the issue from the courts, or the reception by the courts, of any document in the Persian character, except as exhibits, shall be absolutely forbidden. Pending further enquiry, these orders will not for the present be enforced in the Chota Nagpore Division.

Police officers and amlah are hereby warned that if they cannot read and write the Nagri character by the above date, they will have to make room for those who can.

3. It has been pointed out by the Inspector-General of Police that the lithographed manuscripts issued by the Central Examination Committee for the departmental examinations of civilians, deputy magistrates, police officers, &c., are for the Urdu language, written in the Persian, instead of the Hindi character, and that officers are not required to pass any examination in Hindi as written in the Nagri character. Urdu and Hindi being identical languages, a change in the character will make no essential difference in the nature of the examination. The Lieutenant-Governor therefore desires that after the 1st January 1881, the lithographed papers for candidates in the districts referred to in this Resolution shall be in the Kaithi character. Officers will by that date have had sufficient time to acquire fluency in reading the character.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Commissioner of Patna for information and guidance, and to the Commissioners of Bhagalpore and Chota Nagpore for report.

Ordered that a copy be forwarded to the Judicial Department of this office for information. As examination questions are dealt with by the Appointment Department, they may be asked to issue the necessary instructions to the Central Examination Committee.

Sheriff's Office, the 26th May 1880.

NOTICE is hereby given that the Fourth Criminal Sessions of the year 1880 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be held at the Court House, in the Town of Calcutta, on Thursday, the First day of July next, at 11 o'clock in the forenoon, and so on from day to day until the said Sessions be over. EDUCATIONAL NOTICES.

Junior Scholarships.

IT is hereby notified that, under the orders of the Government of Bengal, dated 3rd February 1876, sanctioning a redistribution of the Junior Scholarships as allotted under the orders contained in the resolution dated the 5th October 1872, 7 Junior Scholarships of the Second Grade and 13 of the Third Grade were allotted to the Presidency Division, to be awarded on the results of the ensuing December examination.

2. The Second Grade Scholarships will be awarded to those candidates who stand first in order in the divisional list, irrespective of districts.

3. The Third Grade Scholarships will be distributed among the different districts of the division as follows:—

24-Pergunnahs	... 4	Jessore	... 4
Nuddeu	... 3	Moorshedabad	... 2

J. MONRO,
Offy. Commissioner.

Government Engineering College, Howrah.

1. The College will re-open on Monday, the 21st June.

2. Any student desiring to join the Engineer classes of the College should apply to the Principal, enclosing a copy of his Entrance or First Arts certificate. The monthly fee for these classes is Rs. 8, and an admission fee of Rs. 16 must be paid by each student before his name can be enrolled on the books of the College.

3. An examination for admission to the Overseer and to the Mechanical Apprentice classes will be held at the College on Monday, 28th June. The subjects of examination are English, arithmetic, algebra to simple equations, and the first two books of Euclid. Application for admission to the examination should be made to the Principal on or before the 25th June. Candidates who have passed the Entrance Examination of the University, or who have passed that examination in the subjects of English and mathematics, and also those candidates who passed the qualifying examination held at the Presidency College on the 29th March, will be admitted without further test. The monthly fee in the Overseer class is Rs. 3, and an admission fee of Rs. 5 will also be charged.

4. Mechanical apprentices will, after a six months' period of probation, be bound by indenture for five years to the Superintendent of the Workshops. They will be boarded and lodged on the College premises; and the charge for board and tuition will be, for European and Eurasian apprentices, up to 30 in number, Rs. 5 per mensem, and for native apprentices, up to 40 in number, Rs. 3 per mensem. The number of European and Eurasian apprentices is already complete; but a few supernumerary apprentices will be admitted at the rate above stated, on special grounds for the concession being shown. Beyond these limits, students will be admitted as apprentices on payment of the full charges for boarding, which in the case of European and Eurasian students are estimated at Rs. 15 per mensem, and of native students at Rs. 7 per mensem. No other fee will be charged to apprentices of this class.

5. Ten junior scholarships, tenable for two years in the Engineer classes of the College, will be awarded to those students who have taken the highest places in the University examinations.

6. Ten scholarships of the value of Rs. 7 a month, tenable for three and a half years in the Overseer class, will be awarded to those candidates who may take, or have already taken, the highest places in the qualifying examination of the class. Those students who join the Overseer class with the University Entrance certificate will also be regarded as candidates for these scholarships.

7. As far as the accommodation will permit, students in the Engineer and Overseer classes, whether European or native, will be allowed to reside on the premises. European and Eurasian students of these classes will be required to pay the full charge for messing, all arrangements for which will be made by the Superintendent of the Workshops. Native students residing on the premises will make arrangements among themselves for messing, under rules to be approved by the Superintendent. Accommodation for 200 native students is now ready.

IRRIGATION.

NOTIFICATION.

The 21st June 1880.

No. 84.—Whereas it appears to the Lieutenant-Governor of Bengal that the river Gobri, between Nortong, on the Puttamoondi canal and its outfall into the Chota Brahmini at Gundakia, should be maintained as a natural drainage channel, it is hereby notified that from the date of the publication of this notice, the formation of any bunds or other obstructions to free passage of drainage water within the whole length of the channel now declared as a drainage course will not be permitted, and that the existing cross bunds erected at different points noted below, by parties named, across this channel should at once be removed:—(1) in mouzah Gunepore and Gokulpore, pergannah Matkutnuger, by Adit Churn Roy, one cross bund; (2) in mouzah Rahman and Bramajore, pergannah Matkutnuger, by Baghonath Roy one cross bund; (3) in mouzah Bramajore, pergannah Matkutnuger, by Kamal Meah, two cross bunds; (4) in mouzah Bherdpore, pergannah Utti, two cross bunds, by Ramgobind Jugboli; (5) in mouzah Raitanda, killah Aul, two cross bunds, by Rajab Puddolab Deb.

This declaration is made, under the provisions of Section 40 of Bengal Irrigation Act III of 1876, to all whom it may concern.

No. 85.—*Amended declaration under Section 6 of Act X of 1870 of the Government of India.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, namely, for the construction of a retired line of embankment near Chaitpur village, pergannahs Alinagar and Gaysabad, district Moorshedabad, it is hereby declared that for this purpose a piece of land is required, measuring more or less 33 biggahs 16 cottahs of standard measurement. It is bounded on the east and west by existing embankments; on the north by a line drawn from a point in the said embankment at a distance of about 400 feet from cutting river bank and carried east to join a point about 300 feet from the cutting river bank; and on the south by a line drawn parallel to the last at an average distance of about 336 feet from it.

This declaration is in supersession of that published at page 208, Part I of the *Calcutta Gazette* of the 10th March 1880.

No. 86.—*Amended declaration under Section 6 of Act X of 1870 of the Government of India.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by the Government at the public expense for a public purpose, namely, for the construction of a retired line of embankment near the village of Arizpur, district Moorshedabad, pergannah Kunarpratáp, it is hereby declared that for the above purpose a piece of land is required, measuring more or less 62 biggahs 8 cottahs of standard measurement, bounded on the north by an old embankment; on the south by the existing Government embankment near Arizpur; and on the east by a line drawn from a point in the old embankment at a distance of 500 feet from the edge of bheel near Arizpur, and carried southwards to a point in the existing embankment at a distance of about 1,100 feet from a gamvar tree near Arizpur, marked with flood marks of 1871 and 1879; and on the west by a line almost parallel to the last at an average distance of 496 feet from the same.

This declaration is in supersession of that published at page 208, Part I of the *Calcutta Gazette* of the 10th March 1880.
